

You may be familiar with your local retail pharmacy's advertising generic medications for only \$4 a month. Now we have good news for those who use home delivery! Express Scripts, Ohio State's pharmacy benefit manager, offers a low-cost generic list¹ of medications delivered to your door.

What does this mean for you?

- If your generic maintenance medication is on the Express Scripts low-cost generic list found at go.osu.edu/rx1, you will receive a 90-day supply for only \$10.
- This is a savings from the standard generic copay.

What if my specific medication is not on the list?

- You may be taking a medication that has an alternative on the list — check with your doctor.

What does *approved quantity* mean on the low-cost generic list?

- The low cost generic copayment applies for a quantity based on standard dosing of the listed medication. For example, if I have a prescription for Lisinopril 10 mg tablet, the lower copayment will only apply for up to 90 tablets as noted on the list below. If your doctor writes for more or less than the approved quantity, then your copayment will be more or less than \$10. In the case of higher quantities you will pay more than \$10, but no more than your regular generic copay.

Will the low-cost generic list change?

- Yes, the low-cost generic medication list is subject to change.

What if I am not using home delivery but want to start now?

- Let Express Scripts do the work for you! Call 1-866-727-5867 and ask to start the process.
- Express Scripts will call your doctor to get a new prescription for home delivery. When you call, please have these items nearby:
 1. Your ID number (found on the front of your member ID card)
 2. Your doctor's name and phone number
 3. Your current medications or medicine containers
- Prefer to do it yourself?
 1. Visit StartHomeDelivery.com.
 2. Mail your prescriptions. Complete the home delivery form found online at go.osu.edu/rxdeliver. Include a new prescription and copayment and mail it to Express Scripts. Be sure to ask your doctor for a 90-day prescription (with up to one year of refills, if appropriate).

Please have a 30-day supply of your medication(s) on hand when you first order your prescriptions through home delivery from the Express Scripts pharmacy.

If you have questions about this enhancement to your home delivery benefit, contact Express Scripts at 1-866-727-5867.
