The Adoption Assistance benefit provided by Ohio State pays up to $5,000 per adopted child for adoption-related expenses. Placement of the child in your home must occur before you can receive this benefit.

**ELIGIBILITY GUIDELINES**

You must hold a Regular appointment of 50% FTE or greater and be eligible to enroll in one of the university-sponsored medical plans in order to be eligible for Adoption Assistance.

The maximum benefit for any one adoption is $5,000. If two adopting parents of the same adopted child are both eligible for Adoption Assistance, the total benefit amount for each adoption remains $5,000.

Adopted children must be under age 18. The children may be biologically related to either parent. Adoptions made through public, private, domestic, international, and independent means are eligible. The benefit is payable either when the adopted child is placed in your home or the adoption is finalized.

**ELIGIBLE EXPENSES**

Most expenses directly related to the adoption may be reimbursable. These expenses include:

- Agency and placement fees
- Legal fees and court costs
- Required medical expenses for the child prior to adoption (including immunizations)
- Immigration fees
- Translation services
- Transportation and lodging expenses

**Note:** Adoption benefits may carry tax implications. Consult your tax advisor for additional information.

**NON-ELIGIBLE EXPENSES**

The following charges are not eligible for payment through this program:

- Medical examination fees for the adopting parents – these exams may be covered by your medical plan.
- Cost of personal items such as clothing and food for either parents or child.
- Expenses incurred prior to your eligibility.

**PROCEDURE FOR REIMBURSEMENT**

- Enroll in or increase your participation level in the Flexible Spending Accounts for Health Care and/or Dependent Care.
- Enroll in or increase your coverage level for Dependent Group Life Insurance (DGLI).
- Increase your or your spouse’s Voluntary Group Term Life Insurance (VGTLI) amount or add dependent child coverage, if you are already enrolled in this plan.
- Enroll in Short-Term Disability (STD).
- Make changes to your income tax withholding (Form W-4).

The necessary forms to make any of these changes are available online (hr.osu.edu/forms) or from the Office of Human Resources Customer Service Center.

If you have started adoption proceedings and die while eligible for this benefit, the adoption expenses may be eligible for reimbursement if:

- Your surviving partner does not remarry before the adoption is finalized.
- The adoption is finalized within 12 months after your death.
- Your surviving partner is the other adopting parent.
- The reimbursement form is submitted within 12 months of the adoption finalization date.

You should consult your tax advisor to determine the proper treatment of the reimbursement for your personal situation.
