POLICY

Issued: 10/01/1973

Edited: 04/17/2014

The basis for student employment is to help meet the needs of the university, provide university students with financial support in pursuit of their academic goals and provide opportunities for academic or administrative job experience. The job duties and responsibilities of student employees vary greatly and may or may not be related to their field of study. A student employee is defined as an individual who is:

1. Enrolled at the university on a full-time or part-time basis,
2. Appointed to a position designated as student employment and
3. Associated with the university primarily in the pursuit of an academic degree.

The university maintains a distinction between student appointments and ongoing regular appointments. These distinctions may include but are not limited to nature of work, hours worked, rate of pay and benefit eligibility.

Graduate associates (GA; graduate administrative associate, graduate research associate and graduate teaching associate) are paid on salaried appointments, exempt from overtime compensation. They are subject to the terms of their appointments, policies and eligibility guidelines administered and monitored by the Graduate School.

Employment of international students is subject to federal regulations and special restrictions may apply. Contact the Office of International Affairs for information relating to the employment of international students.

Student employees are employed at will and serve at the discretion of the employing unit.
