Option 2: Two and one half times earnings multiplied and then rounded to the nearest dollar amount, subject to a plan maximum of $250,000.

If an employee elects option 1 and later wishes to increase coverage, all increases will require evidence of insurability.
Class 4

The amount in force prior to retirement, subject to a maximum of $200,000. Retiree GTLI terminates at age 70.

If an employee retires and, following that retirement, becomes reemployed by the policyholder in a position eligible to participate in GTLI, he or she will no longer qualify for Retiree GTLI as he or she will be considered an active employee. The Retiree GTLI goes on hold until the employee returns to the retiree status. The GTLI benefit will be based on the employee’s reemployed retiree salary and not the salary at retirement. The employee may participate in Retiree GTLI again once reemployment terminates, as long as the employee is under age 70. The Retiree GTLI benefit will be based on the salary at the time of retirement. If an employee retires and, following that retirement, becomes reemployed by the policyholder in a position not eligible for GTLI, he or she will be eligible to continue participating in Retiree GTLI up to age 70.

Coverage amounts are subject to the GTLI age reduction schedule and are on file with the policyholder and Minnesota Life.

**VGTLI GRANDFATHERED COVERAGE:**

There is a closed group of employees who have VGTLI coverage exceeding the maximum of 8 times annual earnings. These amounts will be grandfathered and cannot be increased.

General Information

What is your agreement with us?

You are insured under the group policy shown on the specifications page attached to this certificate. Your application as defined under this certificate is attached and is a part of this certificate. This certificate summarizes the principal provisions of the group policy that affect your life insurance coverage. The provisions summarized in this certificate are subject in every respect to the group policy.

Any statements made in your application as defined in this certificate will, in the absence of fraud, be considered representations and not warranties. Also, any statement made will not be used to void your insurance nor defend against a claim unless the statement is contained in the application attached to your certificate.

This certificate is issued in consideration of your application and the payment of the required premium.
Can this certificate be amended?

Yes. We retain the right to amend this certificate at any time without your consent. Any amendment will be without prejudice to any claim incurred for benefits prior to the date of the amendment.

Who is eligible for insurance?

You are eligible if you:

(1) are a member of the group and of an eligible class as defined in the group policy; and
(2) work for the employer for at least the number of hours per week shown as the minimum hours per week requirement on the specifications page attached to this certificate; and
(3) have satisfied the waiting period as shown on the specifications page attached to this certificate; and
(4) meet the actively at work requirement as shown in the section entitled “What is the actively at work requirement?”.

Are retired employees eligible for insurance?

If the policyholder’s plan of insurance, as reflected in the specifications page attached to this certificate, does not specifically provide insurance for retired employees, a retired employee shall not be eligible to become insured, nor have his or her insurance continued. If the policyholder’s plan of insurance specifically provides insurance for retired employees, the minimum hours per week and actively at work requirements will not apply to such persons.

What is the actively at work requirement?

To be eligible to become insured or to receive an increase in the amount of insurance, you must be actively at work, fully performing your customary duties for your regularly scheduled number of hours at the employer’s normal place of business, or at other places the employer’s business requires you to travel.

If you are not actively at work on the date coverage would otherwise begin, or on the date an increase in your amount of insurance would otherwise be effective, you will not be eligible for the coverage or increase until you return to active work. However, if the absence is on a non-work day, coverage will not be delayed provided you were actively at work on the work day immediately preceding the non-work day.

Except as otherwise provided for in this certificate, you are eligible to continue to be insured only while you remain actively at work.

When will we require evidence of insurability?

Evidence of insurability will be required if:

(1) the specifications page attached to this certificate states that evidence of insurability is required; or
(2) the insurance is contributory and you do not enroll within the enrollment period shown on the specifications page attached to this certificate; or
(3) the insurance for which you previously enrolled did not go into effect or was terminated because you failed to make a required premium contribution; or
(4) during a previous period of eligibility, you failed to submit required evidence of insurability or that which was submitted was not satisfactory to us; or
(5) you are insured by an individual policy issued under the terms of the conversion right section.

When does insurance become effective?

Insurance becomes effective on the date that all of the following conditions have been met:

(1) you meet all eligibility requirements; and
(2) if required, you apply for the insurance on forms or online tool which are approved by us; and
(3) we are satisfied with your evidence of insurability, if we require evidence; and
(4) we receive the required premium.

Can your coverage be continued during sickness, injury, leave of absence or temporary layoff?

Yes. The employer may continue your noncontributory insurance or allow you to continue your contributory insurance when you are absent from work due to sickness, injury, leave of absence, or temporary layoff.

Continuation of your insurance is subject to certain time limits and conditions as stated in the group policy. If you stop active work for any reason, you should discuss with the employer what arrangements may be made to continue your insurance.

Premiums

When and how often are your premium contributions due?

Unless the policyholder and we have agreed to some other premium payment procedure, any premium contributions you are required to make for contributory insurance are to be paid by you to the policyholder on a monthly basis. We apply premiums consecutively to keep the insurance in force.

How is the premium determined?

The premium will be the premium rate multiplied by the number of $1,000 units of insurance in force on the date premiums are due. The premium may also be computed by any other method on which the policyholder and we agree.

We may change the premium rate:

(1) on any premium due date following the expiration of any rate guarantee period; or
(2) anytime, if the policy terms are amended or the total amount of insurance in force changes by 15% or more.

Death Benefit

What is the amount of the death benefit?

The amount of the death benefit is the amount of insurance shown on the specifications page attached to this certificate.

Can you request a change in the amount of your contributory insurance?

You can request a change in your contributory insurance amount only during an annual open enrollment period, as determined by the employer, or within 31 days of a Qualified Status Change. Qualified Status Change shall be as determined by the employer.

If you request an increase in the amount of your contributory insurance, we will require evidence of insurability unless otherwise noted on the specifications page.

When will changes in your coverage amount be effective?

Requested increases in the amount of your contributory insurance, if approved, are effective on the date we approve the increase. Requested decreases in the amount of your contributory insurance are effective on the first day of the month following receipt of your request for a decrease or if different, according to the administrative practices of the employer.

Requests for a change made during a special enrollment period offered by the employer will not become effective prior to the general effective date of elections made during that enrollment.

Increases and decreases in insurance amounts which result from a change in your eligible class or earnings will be effective as shown on the specifications page attached to this certificate.

All increases in the amount of insurance are subject to the actively at work requirement.

When will the death benefit be payable?

We will pay the death benefit upon receipt at our home office of written proof satisfactory to us that you died while insured under this certificate. All payments by us are payable from our home office.

The death benefit will be paid in a single sum or by any other method agreeable to us and the beneficiary. We will pay interest on the death benefit from the date of your death until the date of payment. Interest will be at an annual rate determined by us, but never less than 0.1% per year compounded annually, or the minimum required by state law, whichever is greater.

Payment of the death benefit will extinguish our liability under the certificate for which the death benefit has been paid.

To whom will we pay the death benefit?

We will pay the death benefit to the beneficiary or beneficiaries. A beneficiary is named by you to receive the death benefit to be paid at your death. You may name one or more beneficiaries. You cannot name the policyholder or an associated company of the policyholder as a beneficiary.

You may also choose to name a beneficiary that you cannot change without the beneficiary’s consent. This is called an irrevocable beneficiary.

If there is more than one beneficiary, each will receive an equal share, unless you have requested another method in writing. To receive the death benefit, a beneficiary must be living on the date of your death. In the event a beneficiary is not living on the date of your death, that beneficiary’s portion of the death benefit shall be equally distributed to the remaining surviving beneficiaries. In the event of the simultaneous deaths of you and a beneficiary, the death benefit will be paid as if you survived the beneficiary.

If there is no eligible beneficiary, or if you do not name one, we will pay the death benefit to:

(1) your lawful spouse, if living (does not include a domestic partner), otherwise;
(2) your natural or legally adopted child (children) in equal shares, if living, otherwise;
(3) your parents in equal shares, if living, otherwise;
(4) your siblings in equal shares, if living, otherwise;
(5) the personal representative of your estate.

Can you add or change beneficiaries?

Yes. You can add or change beneficiaries if all of the following are true:

(1) your coverage is in force; and
(2) we have written consent of all irrevocable beneficiaries; and
(3) you have not assigned the ownership of your insurance.

A request to add or change a beneficiary must be made in writing. All requests are subject to our approval. A change will take effect as of the date it is signed, but will not affect any payment we make or action we take before receiving your notice.

Termination

When does your coverage terminate?

Your coverage ends on the earliest of the following:

(1) the date the group policy ends; or
(2) the date you no longer meet the eligibility requirements; or
(3) the date the group policy is amended so you are no longer eligible; or
(4) 31 days (the grace period) after the due date of any premium contribution which is not paid; or
(5) the last day for which premium contributions have been paid following your written request to cease participation under this certificate.

If your coverage under the group policy terminates due to non-payment of premiums, your coverage may be reinstated if all premiums due are paid and received by us within 31 days of the date of termination and during your lifetime.

**Can your insurance be reinstated after termination?**

Yes. When your coverage terminates because you are no longer eligible, and you become eligible again within three months after the date your coverage under this certificate terminated, your coverage may be reinstated.

Provided you are not then covered by an individual policy issued under the terms of the conversion right section, your coverage under the group policy shall be reinstated automatically, without evidence of insurability or satisfaction of any waiting period. Your amount of insurance will be that which applies to the classification to which you then belong, on the date you again become eligible. If the policyholder’s plan of insurance provides for contributory insurance under the group policy, your amount of contributory insurance will be limited to that for which you were insured immediately prior to the loss of coverage.

**When does the group policy terminate?**

The policyholder may terminate the group policy by giving us 31 days prior written notice. We reserve the right to terminate the group policy on the earliest of the following to occur:

1. 31 days (the grace period) after the due date of any premiums which are not paid; or
2. on any subsequent policy anniversary after the date the number of employees insured is less than any minimum established by us or as required by applicable state law; or
3. 31 days after we provide the policyholder with notice of our intent to terminate the group policy.

**Conversion Right**

**What is the conversion right?**

You may be able to convert this insurance to a new individual life insurance policy if all or part of your life insurance under the group policy terminates.

You may convert up to the full amount of terminated insurance if termination occurs because you move from one existing eligible class to another, or you are no longer in an eligible class.

Limited conversion is available if, after you have been insured for at least five years, insurance is terminated because:

1. the group policy is terminated; or
2. the group policy is changed to reduce or terminate your insurance.

In such case, you may convert up to the full amount of terminated insurance, but not more than the maximum. The maximum is the lesser of:

1. $10,000; and
2. the amount of life insurance which terminated minus any amount of group life insurance for which you become eligible under any group policy issued or reinstated by us or any other carrier within 31 days of the date the insurance terminated under the group policy.

Neither the conversion right nor the limited conversion right is available if your coverage under the group policy terminates due to failure to make, when due, required premium contributions.

Under both the conversion right and the limited conversion right, you may convert your insurance to any type of individual policy of life insurance then customarily issued by us for purposes of conversion, except term insurance. The individual policy will not include any supplemental benefits, including, but not limited to, any disability benefits, accidental death and dismemberment benefits, or accelerated benefits.

**How do you convert your insurance?**

You convert your insurance by applying for an individual policy and paying the first premium within 31 days after your group insurance terminates. No evidence of insurability will be required.

**How is the premium for the individual policy determined?**

We base the premium for the individual policy on the plan of insurance, your age, and the class of risk to which you belong on the date of the conversion.

**When is the individual policy effective?**

The individual policy takes effect 31 days after the group insurance provided under the group policy terminates.

**What happens if you die during the 31-day period allowed for conversion?**

If you die during the 31-day period allowed for conversion, we will pay a death benefit regardless of whether or not an application for coverage under an individual policy has been submitted. The death benefit will be the amount of insurance you would have been eligible to convert under the terms of the conversion right section.
We will return any premium you paid for an individual policy to your beneficiary named under the group policy. In no event will we be liable under both the group policy and the individual policy.

**Additional Information**

**What if your age has been misstated?**

If your age has been misstated, the death benefit payable will be that amount to which you are entitled based on your correct age. A premium adjustment will be made so that the actual premium required at your correct age is paid.

**Is there a suicide exclusion?**

The specifications page attached to this certificate indicates what insurance, if any, is subject to the suicide exclusion outlined below.

When applicable, this suicide exclusion limits our liability to an amount equal to the premiums paid if you, whether sane or insane, die by suicide within two years of the effective date of your insurance.

If there has been an increase in your amount of insurance for which you were required to apply or for which we required evidence of insurability, and if you die by suicide within two years of the effective date of the increase, our liability with respect to that increase will be limited to the premiums paid and attributable to such increase.

**When does your insurance become incontestable?**

Except for fraud or the non-payment of premiums, after your insurance has been in force during your lifetime for two years from the effective date of your coverage, we cannot contest your coverage. However, if there has been an increase in the amount of insurance for which you were required to apply or for which we required evidence of insurability, then, to the extent of the increase, any loss which occurs within two years of the effective date of the increase will be contestable.

Any statements you make in your application as defined under this certificate will, in the absence of fraud, be considered representations and not warranties. Also, any statement you make will not be used to void your insurance, nor defend against a claim, unless the statement is contained in the application attached to your certificate.

**Can your insurance be assigned?**

Yes. However, we will not be bound by an assignment of the certificate or of any interest in it unless it is made as a written instrument, and you file the original instrument or a certified copy with us at our home office, and we send you an acknowledged copy.

We are not responsible for the validity of any assignment. You are responsible for ensuring that the assignment is legal in your state and that it accomplishes your intended goals. If a claim is based on an assignment, we may require proof of interest of the claimant. A valid assignment will take precedence over any claim of a beneficiary.

**Is the policyholder required to maintain records?**

Yes. The policyholder is required to maintain adequate records of any information necessary for us to administer this certificate. We own the records relating to the insurance provided by this certificate, and can obtain them from the policyholder at any reasonable time.

If a clerical error is made in keeping records on the insurance under the group policy, it will not affect otherwise valid insurance. A clerical error does not continue insurance which is otherwise stopped. If an error causes a change in premium payment, we will make a fair adjustment.

**Will the provisions of this certificate conform with state law?**

Yes. If any provision in this certificate, or in the provisions of the group policy, is in conflict with the laws of the state governing the certificates or the group policy, the provision will be deemed to be amended to conform to such laws.
Benefits received under this Accelerated Benefits Certificate Supplement may be taxable. You should seek assistance from a personal tax advisor prior to requesting an accelerated payment of death benefits.

**General Information**

This certificate supplement is subject to every term, condition, exclusion, limitation, and provision of your certificate unless otherwise expressly provided for herein.

**What does this supplement provide?**

This supplement provides for the accelerated payment of either the full or a partial amount of an insured's death benefit provided under your certificate. If an insured has a terminal condition as defined in this supplement, you may request an accelerated payment of the applicable death benefit.

**Definitions**

- **accelerated benefit**
  The amount of the death benefit we will pay if the insured is eligible under this supplement.

- **death benefit**
  The amount of the insured’s life insurance as shown on the specifications page attached to your certificate.

- **immediate family**
  Your spouse/same sex domestic partner, children, parents, grandparents, grandchildren, brothers and sisters, and their spouses.

- **insured**
  For purposes of this supplement, an insured employee, an insured spouse/same sex domestic partner, or an insured dependent child.

- **physician**
  An individual who is licensed to practice medicine or treat illness in the state in which treatment is received. This does not include you or a member of your immediate family.

**Terminal Condition**

**What is a terminal condition?**

A terminal condition is a condition caused by sickness or accident which directly results in a life expectancy of twelve months or less.

**What evidence do we require of the insured’s terminal condition?**

We must be given evidence that satisfies us that the insured’s life expectancy, because of sickness or accident, is twelve months or less. That evidence must include certification by a physician.

**Do we have the right to obtain independent medical verification?**

Yes. We retain the right to have the insured medically examined at our own expense to verify the insured’s medical condition. We may do this as often as reasonably required while accelerated benefits are being considered or paid.

**Payment of Accelerated Benefit**

**How do we calculate the accelerated benefit?**

We will multiply the death benefit by the accelerated benefit factor to determine the accelerated benefit available.

**How do we calculate the accelerated benefit factor?**

The accelerated benefit factor will be stated as a percentage of the insured’s death benefit. When we calculate this factor, we will consider the insured’s age and gender.

We will also base our calculation on certain assumptions, which we may change from time to time, including but not limited to assumptions about:

1. expected future premiums; and
2. the insured’s life expectancy.

**What are the conditions for the payment of an accelerated benefit?**

We will consider the payment of an accelerated benefit, subject to all of the following conditions:

1. coverage must be in force and all premiums due must be fully paid; and
2. application must be made in writing and in a form which is satisfactory to us. We will tell you what form is required; and
3. you must be the sole owner of the certificate; and
4. the insured’s insurance must not have an irrevocable beneficiary.
Who may request an accelerated payment of the death benefit?

You may request an accelerated payment of the insurance on your life or on the life of a spouse/same sex domestic partner or dependent child insured under your certificate.

Is the request for an accelerated benefit voluntary?

Yes. An accelerated benefit will be made available on a voluntary basis only. An accelerated benefit under this supplement is not intended to cause an involuntary reduction of the death benefit ultimately payable to the named beneficiary. Therefore, payment of the death benefit cannot be accelerated under this supplement if the insured:

1. is required by law to use this option to meet the claims of creditors, whether in bankruptcy or otherwise; or
2. is required by a government agency to use this option in order to apply for, obtain, or keep a government benefit or entitlement.

Is there a minimum or maximum death benefit eligible for an accelerated benefit?

Yes. The minimum death benefit to be eligible for an accelerated benefit under this supplement is $10,000. The maximum death benefit to be eligible for an accelerated benefit is $1,000,000.

The maximum amount available to accelerate is a combined maximum amount between Minnesota Life Policies 33948-G, 33952-G and 33909-G.

Do you have to take the entire accelerated benefit?

No. You may choose to receive a partial accelerated benefit. If you do so, the insured’s remaining coverage will stay in force.

If you elect to receive only a partial accelerated benefit amount available under this supplement, the insured’s remaining death benefit under the certificate must be at least $25,000.

You may reapply for the payment of the remaining amount of insurance at any time. However, we may ask for further satisfactory evidence that the insured meets all requirements for the accelerated benefit.

What is the effect on the insured’s coverage of the receipt of an accelerated benefit?

If you elect to accelerate the full amount of an insured’s death benefit, the insured’s coverage and all other benefits under the certificate and any certificate supplements for that insured will end. If such termination causes a certificate holder’s covered spouse/same sex domestic partner or dependent children to lose coverage, each of them will be allowed to convert any such insurance to a policy of individual life insurance according to the conversion right section of the certificate to which this supplement is attached.

If a partial accelerated benefit is chosen, coverage will remain in force and premiums will be reduced accordingly. The remaining amount of insurance under your certificate will be the full amount of insurance minus the amount of insurance that was accelerated.

How will we pay the accelerated benefit?

We will pay the accelerated benefit in one lump sum or in any other mutually agreeable manner.

To whom will we pay accelerated benefits?

All accelerated benefits will be paid to you unless you validly assign them otherwise. If you die before all payments have been made, we will pay the remainder to the beneficiary named under this certificate. Payment will be made in one lump sum which will be the present value of the payments that remain, using the interest rate we use to determine the payments.

Termination

When does an insured’s coverage under this supplement terminate?

An insured’s coverage ends on the date the insured is no longer covered for life insurance under the group policy.

When does this supplement terminate?

This supplement will terminate on the earlier of:

1. the date we receive a written request from the policyholder to cancel the Accelerated Benefits Policy Rider; or
2. the date the group policy is terminated.

Accidental Death and Dismemberment (AD&D) Benefit

What does accidental death or dismemberment by accidental injury mean?

The bodily injury must be evidenced by a visible contusion or wound, except in the case of accidental drowning. The bodily injury must be the sole cause of death or dismemberment.

The injury must occur while your coverage under this supplement is in force. Your death or dismemberment must occur within 365 days after the date of the injury and while your coverage under this supplement is in force.

In no event will we pay the accidental death or dismemberment benefit where your death or dismemberment is caused directly or indirectly by, results from, or where there is a contribution from, any of the following:

(1) self-inflicted injury or self destruction, whether sane or insane; or

(8) medical or surgical treatment or diagnostic procedures or any resulting complications; or
(9) travel in or descent from any aircraft, except as a fare-paying passenger on a regularly scheduled commercial flight on a licensed passenger aircraft; or
(10) war or any act of war, whether declared or undeclared; or
(11) service in the military of any nation.

Minnesota Life 1
EdF74428 Rev 1-2015
Loss of hands or feet means complete severance at or above the wrist or ankle joints. Loss of sight, speech, or hearing means the entire and irrecoverable loss of sight, speech, or hearing which cannot be corrected by medical or surgical treatment or by artificial means. Loss of thumb or finger means complete severance at or above the metacarpophalangeal joints (the joints closest to the palm of the hand).

Quadriplegia means total and permanent paralysis of both upper limbs (from the shoulder down including total paralysis of both hands) and both lower limbs (from the waist down including total paralysis of both feet). Paraplegia means total and permanent paralysis of both lower limbs (from the waist down including total paralysis of both feet). Triplegia means total and permanent paralysis of three limbs. Hemiplegia means total and permanent paralysis of both the upper limb (from the shoulder down including total paralysis of the hand) and lower limb (from the waist down including total paralysis of the foot) on one side of the body. Uniplegia means total and permanent paralysis of one limb (from the shoulder down including total paralysis of the hand if claiming an upper limb and from the waist down including total paralysis of the foot if claiming a lower limb).

A benefit is not payable for both loss of one hand and the loss of thumb and index finger of one hand for injury to the same hand as a result of any one accident. Under no circumstance will more than one payment be made for the loss or paralysis of the same limb, eye, finger, thumb, hand, foot, sight, speech, or hearing if one payment has already been made for that loss.

Benefits may be paid for more than one accidental loss but the total amount of AD&D insurance payable under this supplement for all of an insured’s losses due to any one accident, not including any amount paid according to the terms of the Additional Benefits section of this supplement, will never exceed the full amount of AD&D insurance shown on the specifications page attached to the group policy.

When will the accidental death and dismemberment benefit be payable?

We will pay the AD&D benefit upon receipt at our home office of written proof satisfactory to us that you died or suffered dismemberment as a result of an accidental injury. All payments by us are payable from our home office.

The benefit will be paid in a single sum. We will pay interest on the benefit from the date of your death or dismemberment until the date of payment. Interest will be at an annual rate determined by us, but never less than 0.1% per year compounded annually or the minimum required by state law, whichever is greater.

To whom do we pay the benefit?

In the case of your accidental death, we will pay the accidental death benefit to the person or persons entitled to receive your death benefit under the terms of the group policy. The benefit for other losses sustained by you will be paid to you, if living, otherwise to your estate.

Termination

When does your coverage under this supplement terminate?

Your coverage ends on the earlier of:

1. the date you are no longer covered for life insurance under the group policy; or
2. 31 days (the grace period) after the due date of any premium contribution which is not paid.

When does this supplement terminate?

This supplement will terminate on the earlier of:

1. the date we receive a written request from the policyholder to cancel this supplement; or
2. the date the group policy is terminated.

Additional Information

Do we have the right to obtain independent medical verification?

Yes. We retain the right to have you medically examined at our expense when and so often as we may reasonably require whenever a claim is pending and, where not forbidden by law, we reserve the right to have an autopsy performed in case of death.

Can insurance under this supplement be converted to a policy of individual insurance upon termination?

No. Coverage under this supplement will not be included in any insurance issued under the conversion right section of the group policy.

Children age 26 or older are also eligible if they are physically or mentally incapable of self-support and were incapable of self-support prior to age 26.

If both parents of a child qualify as eligible employees under the group policy, the child shall be considered a dependent of only one parent for purposes of this supplement.

If any child qualifies as an eligible employee under the group policy, he or she is not eligible to be insured as a dependent child.

Any dependent child who, subsequent to the effective date of your child life insurance, meets the requirements of this provision will become insured on the date he or she so qualifies.

Evidence of insurability will be required if:

3. dependents insurance for which you previously enrolled did not go into effect or was terminated because you failed to make a required premium contribution; or

5. the dependent is insured by an individual policy issued under the terms of the conversion right of this supplement.

When does insurance on a dependent become effective?

Insurance on a dependent becomes effective on the date when all of the following conditions have been met:

2. if required, you apply for dependents coverage on forms which are approved by us; and
3. we are satisfied with the dependent’s evidence of insurability, if we require evidence; and
4. we receive the required premium.

If a dependent is hospitalized or confined because of illness or disease on the date his or her insurance would otherwise become effective, his or her effective date shall be delayed until he or she is released from such hospitalization or confinement. This does not apply to a newborn child. However, in no event will insurance on a dependent be effective before your insurance is effective.

The amount of life insurance on each insured dependent is shown on the specifications page attached to your certificate.

To whom will we pay the death benefit?

2. 31 days (the grace period) after the due date of any premium contribution which is not paid; or
3. the last day for which premium contributions have been made following your written request that insurance on your eligible dependents be terminated; or
4. the date you are no longer covered under the group policy.

You must notify us or your employer when a dependent is no longer eligible for coverage under this supplement so that premiums may be discontinued.

All premiums paid for dependents who are no longer eligible for coverage under this supplement will be refunded without any payment of claim.

This supplement will terminate on the earlier of:

1. the date we receive a written request from the policyholder to cancel the Dependents Term Life Insurance Policy Rider; or
2. the date the group policy is terminated.

Additional Information

What is the conversion right under this supplement?

If an insured dependent's coverage under this supplement terminates because he or she is no longer eligible, or because of your death, or because of termination or amendment of this supplement, the insurance may be converted to a policy of individual insurance with Minnesota Life.

Conversion may be requested by you, an insured dependent of legal capacity, or the insured dependent's guardian, if applicable. All other conditions and provisions of the conversion right section of your certificate to which this supplement is attached will apply.

Does the Waiver of Premium supplement to your certificate apply to insured dependents?

The Waiver of Premium supplement to your certificate will not apply to disabilities for dependents covered under this supplement.

However, if, due to your disability, your insurance is continued in force without further payment of premiums due to the Waiver of Premium supplement to your certificate, any dependents insurance provided by this supplement shall also continue in force without further payment of premiums until the dependent's eligibility terminates or until your insurance is no longer continued in force due to the Waiver of Premium supplement to your certificate.

This provision is not applicable if the dependent's insurance has been converted under the conversion right section of this supplement, unless the converted policy is surrendered without claim except for refund of premiums.

President
General Information

This certificate supplement is issued in consideration of the required premium and is subject to every term, condition, exclusion, limitation and provision of your certificate unless otherwise expressly provided for herein.

What does this supplement provide?

This supplement provides for continuation of your group life insurance if you no longer meet the eligibility requirements of your certificate, except as provided for herein.

To continue coverage under the provisions of this supplement, you must make a written request and make the first premium contribution within 31 days after insurance provided by the group policy would otherwise terminate. Evidence of insurability will not be required. Coverage provided by this supplement will then be deemed effective retroactive to the beginning of the 31-day period. This date is considered to be your portability date and you are then considered to have portability status.

Who is eligible to continue insurance under this supplement?

You are eligible to continue your group life insurance under the terms of this supplement if you, except as provided by this supplement, no longer meet the eligibility requirements of your certificate due to any of the following:

1. you terminate employment, including retirement; or
2. you are no longer in a class eligible for insurance or you are on a leave or layoff; or
3. a class or group of employees insured under the policy is no longer considered eligible and there is no successor plan for that class or group.

Successor plan means an insurance policy or policies provided by us or another insurer that replaces insurance provided under this policy.

You will not be eligible to request coverage under this supplement if you:

1. have attained the age of 70; or
2. have converted your insurance to an individual life policy under the terms of your certificate’s conversion right section; or
3. were not actively at work due to sickness or injury on the date immediately preceding your portability date; or
4. lose eligibility due to termination of the group policy.

What insurance can be continued under this supplement?

Both noncontributory and contributory insurance may be continued under this supplement. If you elect to continue your own coverage according to the provisions of this supplement, you may also elect to continue contributory insurance for any other individual insured under your certificate. You may also continue coverage under all supplements to your certificate which apply to contributory insurance and by which you were insured immediately preceding your portability date except the Term Life Waiver of Premium and Accidental Death and Dismemberment Certificate Supplements, which shall terminate upon porting.

The amount of insurance continued under this supplement for any individual will be subject to any applicable state law or regulation relating to allowable amounts of insurance.

What is the minimum amount of insurance that can be continued under this supplement?

The minimum amount of insurance that can be continued on your life under this supplement is $10,000. This minimum does not apply to any other insureds covered under this supplement.

What is the maximum amount of insurance that can be continued under this supplement?

The maximum amount of insurance that can be continued under this supplement is the amount of insurance that was in force on your portability date, but not more than $500,000 when combined with The Ohio State University policy 33948-G or 33952-G. However, if you are age 65 or older on your portability date, the amount will not be more than $325,000 when combined with The Ohio State University policy 33948-G or 33952-G.

Will the amount of insurance continued under this supplement change?

Yes. When an insured attains age 65, the amount of insurance on his or her life continued under this supplement will reduce to 65% of the amount of insurance in force on the day prior to attainment of age 65. Your insurance terminates at age 70.

Can you request a change in your amount of insurance continued under this supplement?

Yes. You may elect to reduce the amount of insurance on your life. Your remaining amount of insurance must be at least $10,000.

The amount of insurance continued under this supplement will never increase.
How will premium contributions be paid?

Premium contributions will be paid directly to us on a monthly, quarterly, semi-annual, or annual basis and will be subject to an administrative charge per billing period. We may adjust the amount of the charge, but not more often than once per year.

Can the premium rate change?

Yes. The premium rate may increase on the portability date. The premium rate may also increase in the future but will not change more often than once per year.

Can insurance continued under this supplement be converted to a policy of individual insurance?

Yes. At any time after insurance has been continued under the provisions of this supplement, it may be converted to a policy of individual insurance with Minnesota Life. All other conditions and provisions of the conversion right section of your certificate to which this supplement is attached will apply.

What happens if you again become eligible under your certificate?

If you are continuing coverage under the terms of this supplement, and again meet the eligibility requirements of your certificate, not including the terms of this supplement, you shall no longer be considered to have portability status. Insurance may be continued only under the terms of your certificate, not including this supplement unless and until you no longer meet the eligibility requirements of your certificate and again return to portability status as provided for herein.

What happens to insurance provided under this supplement when the group policy terminates?

Anything in the group policy notwithstanding, termination of the group policy by the policyholder or us will not terminate life insurance then in force for any person under the terms of this supplement. The group policy will be deemed to remain in force solely for the purpose of continuing such insurance, but without further obligation of the policyholder.

Any insurance continued under the terms of this supplement will remain in force until terminated by the provisions of the section entitled “When will insurance continued under this supplement terminate?”.

No individual may elect coverage under this supplement on or after the date of termination of the group policy.

When will insurance continued under this supplement terminate?

Insurance being continued under this supplement will terminate on the earliest of the following:

1. the insured’s 70th birthday; or
2. the date the insured again meets the eligibility requirements of your certificate, not including the terms of this supplement; or
3. in the case of a dependent child or a spouse/same sex domestic partner who is insured by a supplement to your certificate, the date your coverage is no longer being continued under this supplement or the date the spouse/same sex domestic partner or child ceases to be eligible as defined under the terms of your certificate; or
4. 31 days after the due date of any premium contribution which is not made.

Secretary

President
General Information

This certificate supplement is issued in consideration of the required premium and is subject to every term, condition, exclusion, limitation, and provision of your certificate unless otherwise expressly provided for herein. The specifications page attached to your certificate indicates whether this supplement applies to contributory insurance or noncontributory insurance. Coverage under this supplement will not be included in any insurance issued under the conversion right section of your certificate.

What does this supplement provide?

This supplement provides for waiver of premium if you become totally and permanently disabled, as defined herein, while under age 60. Upon approval of proof of such disability, your insurance, including all supplements to your certificate, which were in force on the date of the onset of your disability, will be continued in force without payment of premiums during the uninterrupted continuance of the total and permanent disability.

What is total disability?

Total disability is a disability which occurs while your insurance is in force and which results from an accidental injury or an illness that continuously prevents you from engaging in any occupation for which you are reasonably suited by education, training, or experience. You must be under the care of a licensed physician. The licensed physician cannot be you or a member of your immediate family. For purposes of this supplement, your immediate family consists of your spouse/same sex domestic partner, children, parents, grandparents, grandchildren, brothers and sisters and their spouses.

What is permanent disability?

Permanent disability is a total disability which has existed continuously for at least nine months.

Are there any limitations?

Yes. Insurance will not be continued if your disability results from intentionally self-inflicted injury, participation in or any attempt to commit a felony, or war or any act of war, whether declared or undeclared.

Do premiums have to be paid after you become disabled?

Yes. Premiums have to be paid after you become disabled, but only until we approve your total and permanent disability claim. Continued payment prevents the possible loss of your coverage and eligibility if your claim is not approved.

What if you convert your group life insurance to a policy of individual insurance prior to the approval of your disability claim?

If your coverage has been converted in accordance with the conversion right section of your certificate, benefits under this supplement will apply only if the converted policy is surrendered without claim, except for refund of premiums.

What will be considered due proof of total and permanent disability?

You must furnish evidence satisfactory to us that your disability:

1. commenced while your insurance under your certificate was in force; and
2. meets the definition of total disability; and
3. commenced before your 60th birthday; and
4. was continuous for nine months or more.

We will, from time to time, also require additional proof satisfactory to us that you continue to be totally and permanently disabled. We may also require that you submit to one or more medical examinations at our expense.

If you die within one year of the date of onset of your disability, your beneficiary may claim benefits under this supplement even if your premium payments were discontinued and you had not submitted due proof satisfactory to us of your total disability or you were continuously disabled for less than nine months. Your beneficiary must submit due proof satisfactory to us that your total disability, which began before premium payments on your behalf were discontinued and before your 60th birthday, continued without interruption until your death.

When must we be notified of your disability or death?

We must receive written notice at our home office of your total disability within one year of the date of onset of such disability. However, failure to give notice within the time provided will not invalidate the claim if it is shown that notice was given as soon as reasonably possible.

We must receive written notice at our home office within one year of death that you died during the period of continuance provided by this supplement. Proof must be furnished that you continued to be totally disabled during the entire period of continuance until death. If such notice and proof are not provided within the required time frame, there shall be no liability for any payment under this supplement.
What is the amount of insurance to be continued without payment of premium under this supplement?

The amount of insurance continued without payment of premium shall be the amount of insurance that was in force on the date of onset of total disability.

If your certificate provides for reductions in amounts of insurance based on age or retirement, such reductions shall apply to your insurance being continued under this supplement.

How long will insurance be continued without payment of premium?

If you become totally and permanently disabled, insurance will be continued, without payment of premium, until the earliest of:

(1) your 65th birthday; or
(2) the date you recover so that you are no longer totally and permanently disabled; or
(3) the date you fail to furnish proof of continued disability when requested or you refuse to submit to a required medical examination.

However, if you are an employee and your certificate provides for termination of insurance at retirement, insurance provided under this supplement will terminate when you retire, including normal or early retirement. Your retirement date shall be the earlier of:

(1) the date you actually retire; or
(2) your presumed normal retirement date as established by the employer’s applicable retirement plan. If no such date has been established, your presumed retirement date shall be age 65.

What happens to your insurance when the waiver of premium benefit ends?

When the benefits under this supplement end according to the provisions of the section entitled “How long will insurance be continued without payment of premium?,” the following will apply:

(1) If you are then eligible for coverage under your certificate, your insurance may be continued under your certificate provided that premiums are paid. The first such premium payment must be made within 31 days of the date the waiver of premium benefit ends.

(2) If you are no longer eligible for coverage under your certificate, you may convert coverage to an individual policy, as provided for under the conversion right section of your certificate.

Your insurance will end unless, within 31 days of the date benefits under this supplement end, premium payments on your behalf are resumed or you apply to convert your coverage.

When does this supplement terminate?

This supplement will terminate on the earlier of:

(1) the date we receive a written request from the policyholder to terminate the Term Life Waiver of Premium Policy Rider; or

(2) the date the group policy is terminated.

Insurance being continued without further payment of premiums in accordance with the provisions of this supplement will not end due solely to the termination of the Term Life Waiver of Premium Policy Rider or of the group policy.

President
Residents of Ohio who purchase life insurance, annuities or health insurance should know that the insurance companies licensed in this state to write these types of insurance are members of the Ohio Life and Health Insurance Guaranty Association. The purpose of this association is to assure that policyholders will be protected, within limits, in the unlikely event that a member insurer becomes financially unable to meet its obligations. If this should happen, the guaranty association will assess its other member insurance companies for the money to pay the claims of insured persons who live in this state, and in some cases, to keep coverage in force. The valuable extra protection provided by these insurers through the guaranty association is not unlimited, however. And, as noted in the box below, this protection is not a substitute for consumers' care in selecting companies that are well-managed and financially stable.

The Ohio Life and Health Insurance Guaranty Association may not provide coverage for this policy. If coverage is provided, it may be subject to substantial limitations or exclusions, and require continued residency in Ohio. You should not rely on coverage by the Ohio Life and Health Insurance Guaranty Association in selecting an insurance company or in selecting an insurance policy.

Coverage is NOT provided for your policy or any portion of it that is not guaranteed by the insurer or for which you have assumed the risk, such as a variable contract sold by prospectus. You should check with your insurance company representative to determine if you are only covered in part or not covered at all.

Insurance companies or their agents are required by law to give or send you this notice. However, insurance companies and their agents are prohibited by law from using the existence of the guaranty association to induce you to purchase any kind of insurance policy.

The state law that provides for this safety-net coverage is called the Ohio Life and Health Insurance Guaranty Association Act. On the back of this page is a brief summary of this law's coverages, exclusions and limits. This summary does not cover all provisions of the law; nor does it in any way change anyone's rights or obligations under the act or the rights or obligations of the guaranty association.
COVERAGE

Generally, individuals will be protected by the life and health insurance guaranty association if they live in Ohio and hold a life or health insurance contract, annuity contract, unallocated annuity contract, or if they are insured under a group insurance contract, issued by a member insurer. The beneficiaries, payees or assignees of insured persons are protected as well, even if they live in another state.

EXCLUSIONS FROM COVERAGE

However, persons holding such policies are not protected by this association if:

- they are eligible for protection under the laws of another state (this may occur when the insolvent insurer was incorporated in another state whose guaranty association protects insureds who live outside that state);
- the insurer was not authorized to do business in that state;
- their policy was issued by a medical, health or dental care corporation, an HMO, a fraternal benefit society, a mutual protective association or similar plan in which the policyholder is subject to future assessments, or by an insurance exchange.

The association also does not provide coverage for:

- any policy or portion of a policy which is not guaranteed by the insurer or for which the individual has assumed the risk, such as a variable contract sold by prospectus;
- any policy of reinsurance (unless an assumption certificate was issued);
- interest rate yields that exceed an average rate;
- dividends;
- credits given in connection with the administration of a policy by a group contractholder;
- employers' plans to the extent they are self-funded (that is, not insured by an insurance company, even if an insurance company administers them).

LIMITS ON AMOUNT OF COVERAGE

The act also limits the amount the association is obligated to pay out: The association cannot pay more than what the insurance company would owe under a policy or contract. Also, for any one insured life, the association will pay a maximum of $300,000, except as specified below, no matter how many policies and contracts there were with the same company, even if they provided different types of coverages. The association will not pay more than $100,000 in cash surrender values, $500,000 in major medical insurance benefits, $300,000 in disability or long-term care insurance benefits, $100,000 in other health insurance benefits, $250,000 in present value of annuities, or $300,000 in life insurance death benefits. Again, no matter how many policies and contracts there were with the same company, and no matter how many different types of coverages, the association will pay a maximum of $300,000, except for coverage involving major medical insurance benefits, for which the maximum of all coverages is $500,000.

Note to benefit plan trustees or other holders of unallocated annuities (GICs, DACs, etc.) covered by the act: for unallocated annuities that fund governmental retirement plans under §501(k), 403(b) or 457 of the Internal Revenue Code, the limit is $250,000 in present value of annuity benefits including net cash surrender and net cash withdrawal per participating individual. In no event shall the association be liable to spend more than $300,000 in the aggregate per individual; for covered unallocated annuities that fund other plans, a special limit of $1,000,000 applies to each contractholder, regardless of the number of contracts held with the same company or number of persons covered. In all cases, of course, the contract limits also apply.
