Services in the U.S. (outside Ohio)
PROVIDED BY ZELIS

Medical Care Referrals
If you need to see a doctor, visit a clinic or be admitted to a hospital, Zelis will refer you to the appropriate medical provider. Prior authorization (see osuhealthplan.com/benefit-plan-information) from OSU Health Plan may be required. If you have a medical emergency that requires immediate medical assistance, please dial 911 or go to the nearest emergency room. You should also notify OSU Health Plan if a medical provider is seen.

Note: Calls outside the hours of operation for Zelis will automatically be forwarded to, and serviced by, Redpoint.

Advantages of Using Zelis Participating Providers
If you use a Zelis participating provider (see the back of the Ohio State Travel Assistance card), the provider is typically contracted at a negotiated rate which can reduce your out-of-pocket expenses. Participating providers will submit claims to your medical plan, saving you paperwork. In addition, participating providers have been screened and credentialed.

Zelis does not:
- Provide referral services within the state of Ohio or outside the United States
- Administer plan benefits
- Determine eligibility
- Pay expenses for medical care
- Practice medicine or diagnose medical conditions
- Represent the quality of medical care that you will receive
- Provide direct control or direction over medical providers’ practices
