Revised: 06/01/2016

- I. Authorization and **Background Check Coordinator (BCC)** Notification
 - A. Individuals must be provided the [Background Check Disclosure and Authorization](#) form and indicate their authorization and consent prior to a background check being performed by a third party vendor. Background check results are subject to the [Ohio Public Records Act](#).
 - 1. Individuals authorize the university to conduct background checks through a third party vendor when they provide consent.
 - 2. Failure to provide consent will preclude a final candidate from consideration for a position and may result in corrective action up to and including termination for employees.
 - B. Hiring managers and/or unit human resource professionals are required to communicate with the BCC when an individual requires a background check.
 - C. The hiring manager must also communicate to the BCC or unit human resource professional any criminal information provided by a final candidate to the hiring manager. The BCC will discuss with the final candidate, if applicable, any criminal information provided.
- II. Processing Background Checks
 - A. The BCC is responsible for conducting background checks.
 - B. Units must assess the need for any unit background check programs not mandated by this policy and seek approval from the BCC and in conjunction with the Office of Legal Affairs for a unit background check program. Any such program must be consistent with this policy, have a business justification, conduct checks consistently across positions, be consistent with the Background Check Standards and Toolkit, and be approved by the BCC in conjunction with the Office of Legal Affairs.

III. Background Check Assessment Principles

- A. Convictions will be taken into account when reviewing an individual's criminal history; an arrest or charge without a conviction in a closed case will not be considered.
- B. Open criminal cases may preclude an individual from eligibility for employment or other activities.
 - 1. The BCC will assess the circumstances surrounding the arrest or charge, as well as the time frame, nature, gravity, and relevancy of the alleged offense to the job or other activities.
 - 2. The BCC, in consultation with any of the following: unit leadership (provided they are not the hiring manager), Office of Academic Affairs, senior human resource professional, Office of Legal Affairs, and/or the university employee and labor relations consultant, is responsible for determining whether the individual is eligible for employment or other activities.
- C. A criminal conviction is not necessarily a bar to initial employment or continued employment or other activities with the university.
 - 1. The BCC will assess the circumstances surrounding the conviction, as well as the time frame, nature, gravity, and relevancy of the conviction to the job duties or other activities.
 - 2. Criminal convictions on a background check will be evaluated by the BCC, considering factors outlined in the Background Check Standards and Toolkit. When appropriate, any of the following may be consulted: unit leadership (provided they are not the hiring manager), the Office of Academic Affairs, the senior human resource professional, the Office of Legal Affairs, and/or the university employee and labor relations consultant.
 - 3. If the evaluation results in no adverse action, the BCC will communicate the outcome to the unit human resource professional. If the evaluation results in adverse action, the BCC will communicate the outcome to the individual in writing and in accordance with Procedure IV.A.

IV. Background Check Records

- A. If it is determined that there may be adverse employment action based on the information revealed in a third party vendor background check, the following actions must be taken in accordance with the **Fair Credit Reporting Act (FCRA)**:
 - 1. The BCC must provide the individual with a copy of the results and a copy of the [Summary of Your Rights Under FCRA](#).
 - 2. The BCC must give the individual a specified amount of time to respond to the information revealed in the background check.
 - 3. Individuals must respond and/or dispute such information within the time frame set forth by the university.
 - 4. If the individual does not respond or responds and the university upholds its decision, the BCC must provide the individual a letter detailing the final adverse employment decision in accordance with FCRA. For more information, refer to the Background Check Standards and Toolkit.
- B. For information about the retention of background check results and [Background Check Disclosure and Authorization](#) form, refer to the [General Records Retention Schedule](#).
- C. Background check documentation must not be stored in an employee's personnel file.
- D. All information received in connection with the background check process will be treated with discretion and only disclosed as necessary.
