POLICY

Issued: 04/25/2011

Revised: 11/28/2022 (minor revision)

The university sets requirements for the reemployment of faculty and staff who have retired from the university, received a separation incentive/phased retirement from the university or when terminated in specific situations. Reemployment after retirement or separation is not an entitlement.

Policy Details

I. Reemployment Eligibility

- A. Employees who voluntarily leave university employment are eligible to be rehired in accordance with the Staff Recruitment and Selection 4.10 policy or the Faculty Appointments policy unless deemed ineligible for rehire upon termination by the terminating department and/or the Office of Human Resources (OHR).
- B. Employees who are involuntarily terminated from the university may be eligible for rehire unless deemed ineligible for rehire upon termination by the terminating department and/or OHR.
- C. Employees who leave the university through a reduction in force are eligible for rehire as defined in [Reduction in Work Force \(Unclassified Staff\) 9.15 policy](#), [Reduction in Work force \(Classified Civil Service Staff\) 9.20 policy](#), [Staff Recruitment and Selection 4.10 policy](#), [Staff Severance Program 2.40 policy](#), and [Classified Civil Service Rules](#).
- D. The terms of a separation incentive program or phased retirement agreement determine the eligibility for rehire of employees who voluntarily leave the university under such a program.
- E. Employees who retire from the university through a state retirement system or the Alternative Retirement Plan (ARP) may be hired/selected for, or when faculty, appointed to, the exact same position held immediately prior to retirement at the discretion of the unit. In addition to the requirements found in the [Parameters and Criteria for Rehiring Retired Faculty and Staff](#), the following conditions apply:
 1. A full two calendar month break in employment is required unless the employee previously accepted a separation incentive or participated in a phased retirement program in which case the terms of the incentive or program apply.
 2. Staff may be rehired to temporary, term or regular positions. Faculty may return in temporary or term positions.
 3. The annual salary upon reemployment may not exceed 75% of their annual salary at the time of retirement, unless this makes their salary below the pay range minimum or FLSA threshold (if in an exempt job title). In those cases, the salary must be at the pay range minimum and/or FLSA threshold regardless of the FTE of the employee.
 4. Reemployed staff and faculty are eligible for merit pay adjustments and other types of pay adjustments (e.g., interim, market, equity) in accordance with the [Staff Compensation 3.10 policy](#) and [Faculty Compensation policy](#).
 5. Faculty appointments must be approved by the Office of Academic Affairs (OAA).
 6. Staff positions must be approved by OHR. Staff positions will generally be for short term projects or transition and will not exceed two years. They will be approved in increments of two years or less.
 7. ARP participants need to check with their vendor to determine whether their separation from the university is a distributable event.

Applies to: Faculty, staff, and applicants

8. The senior vice president for human resources and the employing unit are responsible to work together to apply the additional hiring procedures for principal administrative officials referenced in Frequently Asked Questions.
- F. Employees who retire from the university through a state retirement system or the ARP are eligible to be hired into a university position other than the one held immediately prior to retirement, in accordance with [Staff Recruitment and Selection 4.10 policy](#), or the [Faculty Appointments policy](#). In addition to the requirements found in the [Parameters and Criteria for Rehiring Retired Faculty and Staff](#), the following conditions apply:
 1. A full two calendar month break in employment is required unless the employee previously accepted a separation incentive or participated in a phased retirement program in which case the terms of the incentive or program apply.
 2. May be hired into temporary, term or regular positions.
 3. Faculty appointments must be approved by OAA.
 4. Staff appointments must be approved by OHR.
 5. ARP participants need to check with their vendor to determine whether their separation from the university is a distributable event.
- G. OPERS retirees who retire from the university may not receive OPERS benefits and work as an independent contractor for any period of time for the university. This prohibition is applicable regardless of the number of hours or days actually worked. Additional information is available in the [OPERS Benefit Recipient Handbook](#).
- H. STRS members cannot return as independent contractors at any time in an STRS qualified position. Additional information is available by calling STRS.
- I. The university may choose to implement alternative arrangements from those specified in this policy in support of specific initiatives with the prior approval of the Offices of Academic Affairs, Human Resources and Legal Affairs.
