Current Policy: [Reduction in Work Force Unclassified Staff, 9.15](#)

Conditions may arise that necessitate the reduction of the university workforce. Abolishment of unclassified positions may occur due to lack of funds, lack of work, reasons of economy, or reorganization for efficiency.

Purpose of the Policy

To outline the process for requesting and completing a **reduction in force** of an unclassified staff member.

Definitions

| Term | Definition |
|-----------------------------|---|
| Continuous Service | Employee's years of service at the university without a break in service. |
| Full-time equivalency (FTE) | The percentage of full time (40 hours per work week) hours worked during the period covered by a given position (for example, 10% full-time equivalency [FTE] equals four hours of work per work week). |
| Reduction in force | A decrease in the number of positions at the university's initiative due to a lack of funds, lack of work, reasons of economy, or reorganization for efficiency. |
| Unit | College or administrative unit. |

Policy Details

- I. Reduction in Force
 - A. **Units** must balance organizational needs with human resources considerations, comply with university policies, and consult with Employee and Labor Relations prior to planning a reduction in force.
 - B. All of the following are reductions in force and a request for approval must be submitted to Employee and Labor Relations:
 - 1. A staff position is being reduced below 75% FTE.
 - 2. An original staff position is below 75% FTE and is reduced below 50% FTE.
 - 3. Any staff position that is abolished, regardless of original FTE.
 - C. All reductions in force must be approved by Employee and Labor Relations.
 - D. Reductions of a staff position to 75% **full-time equivalency (FTE)** or greater will not be considered a reduction in force. The unit must contact Employee and Labor Relations 30 days prior to implementing such a change to a FTE to notify and discuss the proposed action with Employee and Labor Relations. For multiple such reductions, prior approval by Employee and Labor Relations is necessary.
 - E. When reducing the FTE below 75% for the purpose of maintaining positions until anticipated grant funding is available is not considered a reduction in force, and a reduction in force request is not necessary. Reducing the FTE below 50% is considered a reduction regardless of the reason, and a reduction in force request must be submitted.
 - F. Reductions of staff represented by labor unions must be in accordance with terms of applicable collective bargaining agreements.

Applies to: Regular unclassified staff

- G. Units must manage unsatisfactory performance issues separately from the reduction in force process, and address performance issues through performance management and the corrective action process.
 - H. Units should review use of temporary staff prior to reducing regular staff.
 - I. Termination of employment will be effective no earlier than 30 calendar days after the delivery date of the letter of notification to the employee.
- II. Impact of Reduction in Force on Benefit Programs for Employees Who Are Terminated
- A. Vacation and compensatory time – payment for vacation and compensatory time for eligible positions is made at the time of termination in accordance with the [Paid Time Off 6.27 policy](#).
 - B. Sick time off– there is no payment for sick time off at time of termination.
 - C. Group insurance plans – medical, dental, and vision coverage may be continued in accordance with COBRA.
 - D. Retirement – contributions to retirement plans are discontinued at the time of termination. Employees are advised to consult their retirement plans for details about the impact of termination.
 - E. Unemployment compensation – staff members who are terminated as a result of a reduction in force may be eligible for unemployment compensation. Guidelines are governed and administered by the [Ohio Department of Job and Family Services](#).
 - F. Rehire – eligible regular staff whose positions are abolished and who are subsequently rehired within one year of the effective date of termination maintain their benefits service date for the purpose of vacation accrual determination. A staff member who is terminated from the university due to a reduction in force may only receive severance pay once for a specific period of **continuous service**; therefore, the staff member’s continuous service date is restarted upon rehire if severance was paid.
