

# Manager Guide to Shift Differential Pay

Effective December 20, 2020

Shift differential pay is compensation in addition to an employee's base pay and accounts for time worked on second shift, third shift, a weekend shift, time on-call and time when an employee has been called back to work. Shift Differential Standards do not apply to intermittent employees or students. **The chart below does NOT include bargaining units, please refer to the appropriate contract for those details.**

Shift Differential Standards	Description of standard	How Pay is Administered	Campus	Health System
<b>2nd Shift Times</b>	Second shift consists of a work schedule in which the majority of the time is in the late afternoon and early evening. This applies to all non-exempt employees. When they meet the requirements of a shift, they will receive the differential pay on the qualified hours worked.	Workday (Campus) and Kronos (Health System) will apply shift differential to qualified hours.	3pm - 11pm	3pm - 8am
<b>Minimum Shift Hours</b>	Required minimum hours are those an employee must work during the shift to qualify for the differential. The shift differential will only be paid on the hours that are worked during the specified shift times.		4	4
<b>Shift Differential Pay, 2nd Shift</b>	The shift differential will be added to the employee's base rate of pay. If there is overtime during the workweek, it will be calculated using the base rate plus the shift differential rate.		\$1.00/per hour	15% hourly rate
