Conveniently access and spend your reimbursement dollars on any purchase.

MyCash is an individual cash account that securely holds your reimbursement funds until you spend or move them.

On those rare occasions when you do not use your TASC Card to pay for an eligible employee benefits expense, simply submit a request for reimbursement through your TASC account or via the TASC Mobile App.

Requests are processed daily and approved reimbursements are deposited directly into your MyCash account—usually within 24-48 hours. Reimbursements are quick—even faster than with direct deposit!

Then you choose how to use your MyCash funds. There are no restrictions on type of expense or merchant. These are your reimbursement funds and can be spent just like cash everywhere Mastercard is accepted.

Access your MyCash funds in three ways:

1. Swipe your TASC Card at any merchant that accepts Mastercard.
2. Withdraw at an ATM (with a PIN) using your TASC Card.
3. Transfer to a personal bank account via web or app.

Ready, Set, Go!

All new TASC participants will receive reimbursement payments via MyCash unless direct deposit is established. You may access your MyCash funds via the swipe of your TASC Card at any merchant or ATM that accepts Mastercard, or transfer to a personal bank account.

Join the MyCash Movement

Are you currently set up for direct deposit but want to take advantage of the convenience of MyCash access via the TASC Card? You can!

- Sign in to your TASC account.
- Click the MyCash balance menu and select Manage MyCash transfer schedules.
- Click the trash can icon (🗑️) to delete your current schedule.

With no scheduled transfer, your next reimbursement will be deposited in MyCash, ready to access with the swipe of your TASC Card.

“I submitted a manual request for reimbursement and about a day later my reimbursement was available in my MyCash account. I paid for my groceries at the grocery store using my TASC Card. The whole process was so easy and convenient!”

—Shari, FSA Participant
