INTRODUCTION

This Specific Plan Details document (SPD) describes and establishes important provisions of The Ohio State University Faculty and Staff Vision Plan (the Vision Plan), which provides vision benefits to faculty and staff and their eligible dependents by The Ohio State University and its designated affiliates.

ABOUT THIS DOCUMENT

This SPD provides a summary of Ohio State's vision care benefits and how you can obtain them.

- You are strongly urged to read this SPD in its entirety. The guidelines outlined will dictate how vision claims are processed or considered as covered services under the Vision Plan.
- This SPD is broken down into a number of related sections and is best used by familiarizing yourself with the following:
 - **The inside front cover** – contact information for the services discussed in this booklet, as well as other employee benefit programs maintained by Ohio State.
 - **The table of contents** – the easiest way to navigate this SPD.
 - **The definitions section** – a list of several important terms used throughout this SPD.
- This SPD also describes your rights and responsibilities as a Covered Person enrolled in the Vision Plan. It is very important that you have a good understanding of the covered services available to you and of the items that are excluded or limited by your Vision Plan.
- Every attempt has been made to ensure the accuracy of information in this SPD. However, if there is a discrepancy between this SPD and other legal documents, including, but not limited to, the administrative services agreement between Vision Service Plan (VSP) and The Ohio State University (Administrative Services Agreement), the other legal documents will govern.

ALTERATION OF DOCUMENT

Only the university has the authority to change the coverage and/or terms under the Vision Plan.

TERMS USED IN THIS DOCUMENT

The following terms are used interchangeably throughout this SPD:

- The Ohio State University Faculty and Staff Vision Plan Specific Plan Details Document also called Faculty and Staff Vision Plan Specific Plan Details Document, the SPD, or the document.
- The Ohio State University Faculty and Staff Vision Plan also called the Vision Plan.
- Faculty and staff also called you, employee, member, or enrollee.
- The Ohio State University also called OSU, Ohio State, the university, the employer and the Plan Sponsor.
- Office of Human Resources also called OHR.
- The Internal Revenue Code of 1986, as amended, also called the Code.

Other important terms are defined in the "Definitions" section at the end of this SPD.

OPERATION AND ADMINISTRATION OF THE VISION PLAN

- The Ohio State University is the Plan Sponsor.
- Benefits under the Vision Plan are paid for directly by Ohio State, which means the Vision Plan is considered to be self-funded. Covered employees pay all or part of the cost of providing benefits under the Vision Plan through payroll deductions (i.e. employee contributions) and, if applicable, the employing departments provide the balance.
- VSP is the university's third party administrator and provides certain administrative services under the Vision Plan.
- Trustmark provides COBRA administration services under the Vision Plan.
- Only the university has the authority to change the coverage and/or terms under the Vision Plans.
- The Plan Administrator, defined in the "Definitions" section, has the discretionary authority to interpret the Vision Plan to make eligibility and benefit determinations as it may determine in its sole discretion. The Plan Administrator also has the discretionary authority to make factual determinations as to whether any individual is entitled to receive any benefits under the Vision Plan. Benefits under the Vision Plan shall be paid only if the Plan Administrator decides in its sole discretion that a Covered Person is entitled to them. If any of the authority of the Plan Administrator has been delegated by the Plan Administrator to a delegate, a reference in this Faculty and Staff Vision Plan Specific Plan Details Document to the Plan Administrator shall be deemed to include a reference to such delegate.

COORDINATION OF BENEFITS (COB)

- If you or your family members are covered by more than one vision plan, you may not be able to collect benefits from both plans. Each plan may require the Covered Person to follow its rules or use specific providers and hospitals, and it may be impossible to comply with both plans at the same time. Read the rules very carefully, including the "Coordination of Benefits" section of this SPD, and compare these rules with the rules of any other plan that covers you or your family.

FOR MORE INFORMATION (SEE PAGE 2 FOR CONTACT INFORMATION)

If you have questions when using your vision benefits, refer to the following for assistance:

GENERAL PLAN PROVISIONS

ELIGIBILITY

- An eligible employee is any faculty or staff member who holds a qualifying appointment, as determined by The Ohio State University. Details are available at hr.osu.edu/benefits/eligibility.
- If you are an eligible employee, you may cover yourself and those persons who qualify as your Eligible Dependents. Dependents can only be enrolled if the eligible employee is enrolled for coverage. You may not be covered as both a spouse/partner and dependent by any vision coverage provided by the university.
- Coverage is not automatic for newly eligible employees. To cover yourself and your Eligible Dependents, you must enroll. To enroll in the Vision Plan, use **Employee Self Service** online at workday.osu.edu or submit a completed Health Election Form, available at hr.osu.edu/policies-forms. The Vision Plan will not cover a person as both a covered employee and dependent or as a dependent of more than one covered employee.
- **The university has the ability to rescind (i.e., retroactively terminate) coverage if such coverage was gained due to an individual (or person seeking coverage on behalf of the individual) performing an act, practice or omission that constitutes fraud or making an intentional misrepresentation of material fact.**

ENROLLMENT

To enroll in the Vision Plan, use **Employee Self Service** at workday.osu.edu or submit a completed **Health Election Form**, available at hr.osu.edu/policies-forms. Under the Vision Plan, you have two coverage options: Basic or Plus. The Basic option has a lower employee contribution than the Plus option. The Plus option provides greater coverage than the Basic option with a higher employee contribution.

If you decide to enroll, you must enroll in the coverage option of your choice:

- **Within 30 days** of appointment in an eligible position as reflected in the university's human resource system (Workday).
- **Within 30 days** of loss of other eligible coverage.
- During the annual open enrollment period.
- In connection with a qualifying status change as described in the "Change in Coverage Due to Qualifying Status Change" section of this SPD.
- In connection with an event that provides special enrollment rights as described in "Special Enrollment Rights" below.

SPECIAL ENROLLMENT RIGHTS

Children's Health Insurance Program Reauthorization Act of 2009 (CHIPRA)

If you and your dependent(s) qualify for the special enrollment rights for medical plan coverage provided under CHIPRA, as described in The Ohio State University Faculty and Staff Health Plans Specific Plan Details Document for the 2024 Plan Year, then you and those dependent(s) will be permitted to enroll in the Vision Plan without having to wait for an open enrollment period.

- If you or your dependents are terminated from Medicaid or state Children's Health Insurance Program (CHIP) coverage as a result of a loss of eligibility, you must request this special enrollment **within 60 days** of the loss of coverage.
- If you or your dependent(s) become eligible for a premium assistance subsidy under Medicaid or CHIP, you must request this special enrollment **within 60 days** of when eligibility is determined.
- To enroll in the Vision Plan, you and your dependent(s) must be benefits-eligible and you must use **Employee Self Service** online at workday.osu.edu or submit a completed **Health Election Form**, available at hr.osu.edu/policies-forms. Documentation of the above event is required.

Health Insurance Portability and Accountability Act of 1996 (HIPAA)

If you and your dependent qualify for the special enrollment rights for medical plan coverage provided under HIPAA, as described in The Ohio State University Faculty and Staff Health Plans Specific Plan Details Document for the 2024 Plan Year, then you and those dependents will be permitted to enroll in the Vision Plan without having to wait for an open enrollment period.

- You must request this special enrollment **within 30 days** of the date of the event.
- To enroll in the Vision Plan, you and your dependent(s) must be benefits-eligible and you must use **ebenefits** online at workday.osu.edu or submit a completed **Health Election Form**, available at hr.osu.edu/policies-forms. Documentation of the above event is required.

EFFECTIVE DATE OF COVERAGE

The effective date for all eligible employees and their eligible dependents will be determined by the university. Coverage will be communicated to VSP for the purposes of claims administration. Coverage will be effective on:

- Date of hire or transfer to an eligible appointment as reflected in the university's human resource system (Workday)
- Date of a qualifying status change
- January 1 of a new Plan Year, if the election is made during and as part of the annual open enrollment period

GENERAL PLAN PROVISIONS

ELIGIBLE DEPENDENTS

1. Has not reached the age limit of 26 (e.g., 26th birthday), except in cases described more fully below; and
2. Fits into one of the following categories:
 - The employee's biological child;
 - The employee's adopted child or child placed with the employee for adoption;

A dependent child may be eligible for continued coverage as a dependent child after attaining age 26 if:

- The child is and continues to be incapable of self-sustaining employment by reason of physical handicap or intellectual disability; and
 - The child is the employee's dependent as defined in Section 105(b) of the Code; and
 - The child was (1) covered by the Vision Plan when he or she reached the limiting age and the employee makes application for continuation of coverage to the university **within 30 days** after the child's loss of coverage due to reaching the limiting age; or (2) covered as a dependent under the Vision Plan of his or her parent's employer immediately prior to a loss of coverage under such plan (documentation of prior coverage required) and the employee makes application for continuation of coverage to the university **within 30 days** after such loss of coverage occurs. In each case, the employee must provide satisfactory proof of the child's incapacity and dependence upon the employee; and
 - The employee provides proof of the continuance of such incapacity and dependence upon request by the university.
- Consult with a tax advisor with any questions regarding whether or not the child meets the Code requirements.

Grandfathered Sponsored Dependent (Enrollment in Ohio State medical coverage and Affidavit of Sponsored Dependency required)

 - b. The individual shares a relationship with the employee as defined by one of the following:
 - Parent, step-parent, parent-in-law, or person who stood in loco parentis to the employee as a child
 - Grandparent or grandparent of the employee's spouse
 - Sibling or sibling-in-law
 - Aunt or uncle
 - Niece or nephew
 - Son or daughter-in-law
 - Grandchild or spouse of the employee's grandchild
 - Biological, adopted, step or foster child who is not otherwise eligible for coverage under the terms of the university medical plans
 - Opposite-sex domestic partner who is unmarried, is not related to the employee by blood to a degree of closeness which would prohibit marriage in the state in which they legally reside and who has been in a relationship with the employee for at least six (6) months and intends to remain so indefinitely
 - Dependent child of an opposite-sex domestic partner (described above);
 - c. The individual is dependent upon the employee for more than 50% of his or her support. The employee must be able to provide documentation of such support to OHR or to Trustmark for claims administration, if requested, to verify the dependent status of this individual. Support includes:
 - i. Housing/shelter;
 - ii. Cost for his or her clothing, food, education, recreation and transportation expenses;
 - iii. Cost for his or her medical, dental and/or vision care; and
 - iv. Cost for a proportionate share of other expenses necessary to support the grandfathered sponsored dependent within the employee's household (such as food and utilities), but which cannot be directly attributed to that individual;
 - d. The individual is enrolled in Medicare if he or she is eligible for such coverage. The university's medical plan will be a secondary payer to Medicare, unless the individual is a family member (not a spouse) who is entitled to Medicare on account of disability; and
 - e. The individual is the employee's dependent under Section 152 of the Code, without regard to subsection (d) (1) (B) of Section 152. Consult with a tax advisor with any questions regarding whether or not the individual meets the Internal Revenue Service qualifications.

CONTINUED ON PAGE 9

GENERAL PLAN PROVISIONS

Regardless of any other provision in this SPD to the contrary, a grandfathered sponsored dependent must remain enrolled in the Vision Plan for the entire plan year, unless the grandfathered sponsored dependent dies or the grandfathered sponsored dependent provides proof of obtaining other medical coverage.

LIMITATIONS ON COVERAGE CHANGES

- You may enroll in coverage, make changes to your coverage, or disenroll from coverage during the Plan Year (i.e., outside of open enrollment) only if you experience a qualifying status change. The change in coverage must be consistent with and on account of the qualifying status change (e.g., you cover your spouse following your marriage). If you wish to change your elections due to a qualifying status change, the Office of Human Resources must receive such change **within 30 days** of the qualifying status change.

Qualifying Status Changes

- Qualifying status changes include:
 - Change in your legal marital status (marriage, death of a spouse (as defined in the Code), divorce, legal separation or annulment);
 - Termination of grandfathered sponsored dependency;
 - Change in the number of your dependents (birth, death, adoption or placement for adoption);
 - Change in your employment status (termination of employment, commencement of employment, strike, lockout, commencement of an approved family medical leave (FML) return from an approved family medical leave (FML) or change in worksite), or the employment status of your spouse or dependent that results in the individual becoming eligible, or ceasing to be eligible, under any cafeteria plan or other employee welfare benefit plan of your employer or the employer of your spouse or dependent;
 - Change in your place of residence or change in the place of residence of your spouse or dependent that results in the individual becoming eligible or ceasing to be eligible under any cafeteria plan or other employee welfare benefit plan of your employer or the employer of your spouse or dependent;

 - You or your dependent becomes eligible for a premium assistance subsidy under Medicaid or CHIP (you must submit an election change **within 60 days**);
 - Entitlement to Medicare or Medicaid; or
 - Event that causes your dependent to satisfy or cease to satisfy the requirements for dependent coverage (due to attainment of age or any similar circumstances).
- In addition, you **might** be able to make a change under the following circumstances:
 - Judgment, decree or order requiring coverage of certain dependents (30-day time limit does not apply);
 - Commencement or return from approved family medical leave (FML);
 - Significant curtailment of coverage;
 - Certain changes in or loss of coverage under another plan; or
 - Certain additions or improvements to benefit package options.

Note: Qualifying status change determinations are made by the university in accordance with the provisions of The Ohio State University Flexible Benefits Plan and IRS rules. For questions about what constitutes a qualifying status change, contact the HR Connection at 614-292-1050, 800-678-6010 or HR@osu.edu or refer to the Life Events section of the OHR website at hr.osu.edu/life-events.

If a Qualifying Status Change Occurs

- If a qualifying status change occurs, you must make an election by using **Employee Self Service** at workday.osu.edu or by submitting a completed **Health Election Form**, available at hr.osu.edu/policies-forms to change your vision coverage. Documentation may be required for some events. The university must approve any qualifying status change. Contributions will be prorated based on the exact days of coverage of the qualifying status change.
- You may make an election in the following ways:
 - Use **Employee Self Service** at workday.osu.edu. The election and any required documentation must be submitted through **Employee Self Service** within 30 days of the qualifying status change (except as otherwise noted).
 - Complete a **Health Election Form**, available at hr.osu.edu/policies-forms. The completed form and any required documentation must be submitted to the OHR Customer Service Center within 30 days of the qualifying status change (except as otherwise noted).
- Changes in coverage and contributions will be effective as of the date of the qualifying status change. Contributions will be prorated based on the exact days of coverage of the qualifying status change.
 - If you do not complete and submit a **Health Election Form** or make an election **Employee Self Service** at workday.osu.edu within 30 days (except as otherwise noted above), you will not be allowed to make a change until the next open enrollment period or upon the occurrence of a future qualifying status change.

Note: A newborn infant must be added **within 30 days** of the birth. Otherwise the newborn cannot be added until the next open enrollment period. If coverage is already in effect, you must add the newborn as a covered dependent, even if you have family coverage.

Note: Your coverage level and premium contributions may be adjusted based on the qualifying status change. Contributions will be prorated based on the exact days of coverage of the qualifying status change.

GENERAL PLAN PROVISIONS

Coverage election for rehires

- If your employment with the university terminates and you are rehired into a benefits-eligible position **within 30 days** after that termination, you will be reinstated with the same elections that you had immediately before your termination and accumulations for plan features such as Annual Deductibles and material annual benefit maximums will continue to apply as if there was no loss of coverage.
- If your employment with the university terminates and you are rehired into a benefits-eligible position more than 30 days after that termination, you will be able to make new elections as to your coverage options under the Vision Plan.

DUAL COVERAGE

- No person may be covered at the same time as both a covered employee and dependent or as a dependent of more than one covered employee.
- If you and your spouse both work at the university and are both eligible for university vision benefits, your dependent children may enroll under only one of you. Coverage can only be changed during the annual open enrollment or when there is a qualifying status change.

CHOICE OF PROVIDERS

You may choose to receive service from In-Network or Out-of-Network Providers.

Note: Your out-of-pocket costs may be greater when using Out-of-Network Providers.

COORDINATION WITH MEDICAL COVERAGE

- On occasion, your vision care provider may identify a condition and recommend further treatment. Sometimes the condition is medical in nature and therefore covered in part or totally by your medical insurance. In these cases, all rules of your medical insurance apply.
 - If you are enrolled in certain university-sponsored medical plan options, such as **Prime Care Advantage, Prime Care Connect, or Prime Care Choice**, you must use a provider in your **medical network** to receive maximum benefits.
 - For additional information or assistance with coordination with your OSU medical benefits, contact the OSU Health Plan at 614-292-4700, 800-678-6269, or visit osuhealthplan.com

COORDINATION OF BENEFITS (COB)

- All benefits provided as described in this document are subject to coordination of benefits (COB). COB determines whether a benefit plan is primary or secondary when a Covered Person is covered by more than one benefit plan.
- If you or your family members are covered by more than one vision plan, you may not be able to collect benefits from both plans. Each plan may require you to follow its rules or use specific doctors and labs and it may be impossible to comply with both plans at the same time. Read the rules very carefully and compare them with the rules of any other plan that covers you or your family.
- Covered Persons who are covered under two or more plans that include vision care benefits may be eligible for COB. VSP will combine other plans' claim payments or reimbursements, if any, with benefits available under this Vision Plan, which may reduce or eliminate Covered Person's out-of-pocket expense. In order to process claims involving COB, VSP may need to share personal information regarding Covered Persons with other parties (such as another insurance company). When this is necessary, VSP will only share such information with those persons or organizations having a legitimate interest in that information and only where such sharing is not prohibited by law.

DETERMINING PRIMARY COVERAGE

- To decide which plan is primary, the university plan must consider both the COB provisions of the other plan and which member of your family is involved in a claim.
- The primary plan will be determined by using the first of the following rules that applies:

Non-coordinating plan:

Another group plan with no COB provision is always primary.

Employee:

The plan that covers you as an employee is always primary.

Children:

1. **The Birthday Rule** – The plan of the parent whose birthday falls earlier in the calendar year (excluding year of birth) is primary for the children. For example, if your birthday is in March and your spouse's birthday is in June, your plan will be primary for all of your children.
 - If both parents have the same birthday, the plan that covered the parent longer will be primary.
 - If a dependent is covered by two plans and the other plan does not have the birthday rule, the rule of the other plan will determine the primary contract. For example, the other plan uses a "gender rule" which says that the father's plan is always primary, then the rules of that plan will be followed.

CONTINUED ON PAGE 11

GENERAL PLAN PROVISIONS

2. **Parents separated or divorced** – the following rules apply:

- If the court decree specifies one parent as responsible for health care expenses, that parent's plan is primary
- If a court decree gives joint custody and does not mention health care, the birthday rule will apply
- If neither of the above two rules applies, the order will be determined in accordance with the Ohio Department of Insurance rule on COB.

Other Situations:

- The plan that has covered the individual for the longer period of time is always primary.
- For all other situations not described above, the order of benefits will be determined in accordance with the Ohio Department of Insurance rule on COB.

COORDINATION OF BENEFITS DISPUTES

If you believe that VSP has not paid a claim properly, you should first attempt to resolve the problem by contacting VSP. You may also contact the HR Connection at 614-292-1050, 800-678-6010 or HR@osu.edu.

- All uses and disclosures of PHI must be consistent with HIPAA.

Conditions of Disclosure

- The university, as Plan Sponsor of the Vision Plan, agrees to:
 - Not use or further disclose PHI other than as permitted or required by plan documents or as required by law.

If such return or destruction is not feasible, limit further uses and disclosures to those purposes that make the return or destruction of the information feasible.
- Ensure adequate separation between the Vision Plan and the university as required by federal law.

Permitted Uses and Disclosures of Aggregate Health Information

The Vision Plan may disclose Aggregate Health Information (see the "Definitions" section) to the university, provided that the Aggregate Health Information is only used by the university for the purpose of:

- Obtaining premium bids for providing health insurance coverage; or
- Modifying, amending or terminating the Vision Plan.

CONTINUED ON PAGE 12

GENERAL PLAN PROVISIONS

Permitted Uses of Enrollment and Disenrollment Information

The Vision Plan may disclose enrollment and disenrollment information and information on whether individuals are participating in the Vision Plan to the university, provided such enrollment and disenrollment information is only used by the university for the purpose of performing its administrative functions. Enrollment information held by the university in its capacity as an employer is not PHI.

Security of PHI

The university will implement administrative, physical and technical safeguards that reasonably and appropriately protect the confidentiality, integrity and availability of the electronic PHI that it creates, receives, maintains, or transmits on behalf of the Vision Plan.

Adequate Separation Between Plan and Plan Sponsor

- Those employees or other persons under the control of the university involved in performing plan administration functions for, or on behalf of, the Vision Plan may be given access to and use PHI. Without limiting the generality of the foregoing, such persons include, without limitation:
 - **Ohio State University Wexner Medical Center:** employees in Payroll who perform administrative functions for the Vision Plan.
 - **OHR Benefits Services:** all employees in Benefits Services who perform administrative functions for the Vision Plan and employees who review and/or make determinations regarding claims or complaints.
 - **Office of the Controller:** employees in Payroll Services who perform administrative functions for the Vision Plan.
 - **Office of the Chief Information Officer (OCIO):** employees who perform administrative functions for the Vision Plan.
 - **Office of Legal Affairs:** employees who perform administrative functions for the Vision Plan.
 - **Others:** any other employee of the university performing plan administration functions for the Vision Plan who is designated in writing by the Privacy Official of the Vision Plan as being entitled to access to PHI.
- The employees or other persons described above shall have access to PHI only to the minimum extent necessary to perform plan administrative functions, unless an individual authorization exists. In the event that any such employees do not comply with these provisions, the employee shall be subject to disciplinary action by the university for non-compliance pursuant to the discipline procedures established by the university.
- The separation provided for above will be supported by reasonable and appropriate security measures.

TERMINATION OF COVERAGE

TERMINATION OF COVERAGE

- Coverage will terminate for the following Covered Person(s) when the following events occur:
 - For the covered employee and his or her dependents, when the employee terminates from the university. Coverage will cease on the employee's termination date as reflected in the university's human resource system (Workday). Contributions will be prorated based on the exact days of coverage of the qualifying status change.
 - For the covered employee and his or her dependents, when the employee transfers to an ineligible appointment. Coverage will cease on the date in which the transfer occurs as reflected in the university's human resource system (Workday). Contributions will be prorated based on the exact days of coverage of the qualifying status change.
 - For the covered employee and his or her dependents, if the employee fails to pay the employee contributions in full. Elected benefits will be terminated for lack of payment.
 - For the spouse of the covered employee, upon decree of divorce, dissolution, or legal separation. Coverage will cease on the event date. If timely notice is provided, premiums will be prorated based on the event date and the exact days in coverage based on the event date.
 - For a dependent child reaching age 26 (except as otherwise noted), at the end of the month in which the child reaches age 26.
 - For any other dependent, when the dependent no longer qualifies as a dependent. Coverage will cease on the event date. If timely notice is provided, premiums will be prorated based on the event date and the exact days in coverage based on the event date.
 - **The covered employee is responsible for notifying the university within 30 days of the date of any status change involving the eligibility of a covered dependent.** The university may recover from the employee all damages sustained from losses (including paid claims and premium costs) and reasonable attorneys' fees incurred to recover such damages that are brought as a result of the employee's failure to notify the university of status changes that affect dependent eligibility.
- Coverage may be rescinded (i.e., retroactively terminated) if such coverage was gained due to an individual (or person seeking coverage on behalf of the individual) performing an act, practice or omission that constitutes fraud or making an intentional misrepresentation of a material fact.
- Coverage may be terminated during an open enrollment period. Coverage will cease on the last day of the Plan Year in which enrolled.
- Coverage may be terminated due to a qualifying status change. Refer to the "Limitations on Change in Coverage" section of this SPD. Coverage will cease on the date of the qualifying status change if the **Health Election Form**, available at hr.osu.edu/policies-forms, is submitted within **30 days** of the qualifying status change. **Employee Self Service** at workday.osu.edu.

CONTINUED ON PAGE 13

- Upon termination of coverage, individuals may be eligible for coverage continuation as described in the “Coverage Continuation” section of this SPD. However, if the COBRA administrator (Trustmark) is not notified **within 60 days** of the last day of eligibility and/or coverage the dependent will not be eligible for coverage continuation as detailed.
- The university will determine when a Covered Person is no longer eligible under the Vision Plan, subject to the terms and conditions of the Administrative Services Agreement between VSP and the university. It is the responsibility of the university to make determinations as to when coverage will end for a Covered Person and to communicate all terminations of coverage to Trustmark and VSP.
- Coverage under the Vision Plan will terminate for all Covered Persons on the date on which the Vision Plan terminates or is not renewed by the university. The university reserves the right to terminate the Vision Plan, in whole or in part, at any time.

CERTIFICATION OF GROUP HEALTH PLAN COVERAGE

- When your coverage terminates, Trustmark will send a Certificate of Group Health Plan Coverage to you if one is requested.
- If you would like to request a copy, contact Trustmark by calling 800-678-6269.

COVERED SERVICES

The Vision Plan provides for routine eye care services and materials. VSP pays benefits for covered services or supplies up to a predetermined amount of coverage. A summary of covered services and materials is provided below, followed by a detailed Schedule of Benefits.

CHOICE OF COVERAGE

You may choose between Basic and Plus coverage options. The Plus coverage option offers more in-network benefits than the Basic coverage option, and allows each covered member to personalize their vision coverage by choosing from a menu of customizable benefit enhancements. Each Covered Person selects the benefit that best meets their needs during their VSP doctor visit. The Plus coverage option requires a higher out-of-pocket cost. The Basic coverage option offers lower benefits allowances and therefore lower benefits, at a lower out-of-pocket cost. See the “Schedule of Benefits” below for more information.

CHOICE OF PROVIDERS

- The Vision Plan covers services or materials provided by any licensed ophthalmologist, optometrist, or optician. Therefore, you may choose an eye care specialist who is or is not on the list of In-Network Providers. The list of In-Network providers is available at vsp.com or by calling VSP at 800-877-7195.
- VSP has contracts with over 31,000 private eye care practitioners nationally to form a panel of providers to provide professional vision care for persons covered under this Vision Plan.

EXAMINATION

A complete analysis of the eyes and related structures to determine the presence of vision problems is available once every Plan Year.

- A refraction of the eye must be completed for the exam to be covered as a routine eye exam and paid by VSP.
- Contact lens evaluation and fitting fee, or additional supplemental tests, are not covered under the standard examination.

Note: Some In-Network Providers will bill your medical insurance as primary for the exam if any medical diagnosis is included on the claim. If this occurs and there is a secondary routine diagnosis, VSP can be billed as secondary. If you are enrolled in an OSU medical plan option that includes a provider network, the optical provider must be in the medical plan's network in order to be covered by the medical plan. For example, if your In-Network Provider includes a medical diagnosis on your claim, VSP will send the claim to your medical administrator (Trustmark for university medical plans). You are responsible for the applicable medical plan copayment or coinsurance for a specialist office visit. The specialist copayment or coinsurance can be sent to VSP for reimbursement.

SPECTACLE LENSES

Coverage for lenses is available once every Plan Year.

FRAMES

If you change your coverage from the Plus Plan to the Basic Plan, your frame history will be applied to your Basic Plan coverage. This means that if you received a frame under the Plus Plan, you will not be eligible for a frame for two calendar years.

An allowance will be made toward the cost of frames. The Vision Plan offers a selection of frames; however, if you select a frame that costs more than the amount allowed by the Vision Plan (or a frame requiring oversized lenses) you must pay any additional cost. VSP offers a 20% discount on any amount above the allowance. Frequency is dependent upon coverage option enrolled (i.e., Basic or Plus). Frame allowance may be applied towards ready-made non-prescription sunglasses, or ready-made non-prescription blue light filtering glasses, instead of prescription glasses or contacts. Please be aware that eligibility for benefits may be impacted based on whether you select the Plus or Basic coverage. (See the “Choice of Coverage” section, above.)

COVERED SERVICES

MEDICALLY NECESSARY CONTACT LENSES

Medically Necessary Contact Lenses are a Plan Benefit when specific criteria are satisfied and when prescribed by the Covered Person's doctor. Prior review and approval by VSP are not required for a Covered Person to be eligible for Medically Necessary Contact Lenses.

ELECTIVE CONTACT LENSES

- Prescription contact lenses may be selected instead of lenses (spectacle lenses). When contact lenses are obtained, the Covered Person will not be eligible for lenses again for one Plan Year.
- An allowance will be made toward the cost of elective contact lenses once Plan Year.
 - This allowance is in place of spectacle lenses once each Plan Year. For example, if contacts are selected during the 2024 Plan Year, spectacle lenses may not be selected in 2024 but may be selected during the 2025 Plan Year.
 - This allowance will be paid toward the contacts.
 - Any costs exceeding the allowance are the Covered Person's responsibility.
 - In addition to the allowance, VSP also offers a 15% discount off the In-Network Provider's usual and customary professional fees when the patient purchases prescription contacts. This discount applies only to the professional services and not to the contacts (contacts are provided at usual and customary fees). The 15% discount may be used for 12 months following the date of the covered contact lens evaluation and fitting and is only offered through the In-Network Provider who provided the last covered eye exam.
 - Plan Benefits for lenses and frames include such professional services as are necessary, including, for example, prescribing and ordering proper lenses, or proper fitting and adjustment of frames.

LOW VISION

If you have a severe visual problem that is not correctible with regular lenses, an allowance will be made for supplemental testing and supplemental care aids.

- Supplemental testing is covered (1) in full if you seek services from an In-Network Provider or (2) up to \$125 .00 if you seek services from an Out-of-Network Provider.
 - Supplemental care aids will be provided at 75% of cost (i.e., you pay a 25% Copayment).
 - Low vision benefits secured from an Out-of-Network Provider are subject to the same time limits and Copayment arrangements as described above for a Member Doctor. The Covered Person should pay the Out-of-Network Provider his full fee. The Covered Person will be reimbursed in accordance with an amount not to exceed what VSP would pay a Member Doctor in similar circumstances.
- Note:** There is no assurance that this amount will be within the 25% Copayment feature.
- The maximum benefit available for low vision is \$1,000 every two years.

ESSENTIAL MEDICAL EYE CARE

Essential Medical Eye Care covers certain services that relate to type 1 or type 2 diabetes. Essential Medical Eye Care is intended to supplement your group medical plan. For services provided in connection with Essential Medical Eye Care, providers will first submit a claim to your group medical plan, and then to VSP. Any amounts not paid by your medical plan will be considered for payment by VSP. If you do not have a group medical plan, providers will submit claims directly to VSP. The Covered Person must self-refer their condition or, if their provider sees evidence of the condition, the Covered Person will be notified they may be eligible for this benefit.

Covered Services

The following services are covered under Essential Medical Eye Care:

- Retinal screening covered in full for Covered Persons with diabetes.
- An eye examination will be covered in full after a \$20 Copayment.
- Special Ophthalmological Services will be covered in full.

Limitations

The following services are not covered under Essential Medical Eye Care:

- Frames, lenses, contact lenses, or any other ophthalmic materials;
- Orthoptics or vision training and any associated supplemental testing;
- Surgery of any type, and any pre- or post-operative services;
- Treatment of any pathological conditions;
- An eye exam required as a condition of employment;

If you choose to see an Out-of-Network Provider for an examination and have an In-Network Provider fill your prescription:

- After receiving an examination from the Out-of-Network Provider, pay the examination fee. Obtain a receipt for the exam and the prescription for your lenses. Send the exam receipt to VSP as outlined in Option 2. You will be paid directly according to the Out-of-Network Provider Reimbursement Schedule for your exam.
- Call one of the In-Network Providers and verify that the provider is willing to fill another provider's prescription. Then, make an appointment to have your prescription filled. Inform the In-Network Provider that you have VSP benefits through the Ohio State Vision Plan.
- Take your prescription to the In-Network Provider who will fit you for your new eyewear and take care of any further paperwork for payment. The In-Network Provider will be paid directly by VSP in accordance with the Schedule of Benefits. You are responsible for any additional costs.

Out-of-Network Schedule

If you receive services from an Out-of-Network Provider:

You may be responsible for paying for all services and/or materials in full and submitting a claim to the Vision Benefits Administrator. COVERAGE CONTINUATION

COBRA

The Consolidated Omnibus Budget Reconciliation Act of 1985 is a federal law commonly referred to as COBRA. COBRA requires that most employers sponsoring group health plans offer employees and their families the opportunity for a temporary extension of health coverage (called coverage continuation) at group rates in certain instances where coverage under the plan would otherwise end. This section is intended to summarize your rights and obligations under the coverage continuation provisions of the law.

Note: COBRA or COBRA-like coverage is available to the employee, spouse and eligible dependents if coverage under the Vision Plan ends.

Employee

If you are an employee covered by the Vision Plan, you have a right to choose this coverage continuation for up to 18 months if you lose your vision coverage due to:

- Reduction in your hours of employment that affects benefit eligibility; or
- Termination of your employment (for reasons other than gross misconduct on your part).

Coverage may be continued for up to 24 months if you are on a leave of absence for United States uniformed service.

Note: For all other qualifying events (divorce or legal separation or a dependent losing eligibility for coverage as a dependent), you must notify the Office of Human Resources, as provided below, within 60 days after the qualifying event occurs.

Spouse

If your spouse is covered by the Vision Plan, he or she has the right to choose this coverage continuation if coverage under the Vision Plan is terminated for any of the following reasons:

- Coverage may be continued for up to 18 months due to:
 - Termination of your employment (for reasons other than gross misconduct); or
 - Reduction in your hours of employment that affects benefit eligibility.

CONTINUED ON PAGE 20

COVERAGE CONTINUATION

- Coverage may be continued for up to 24 months if you are on a leave of absence for United States uniformed service.
- Coverage may be continued for up to 36 months due to:
 - Death of the covered employee. (If you enroll in coverage through COBRA as a result of the death of an employee, COBRA coverage is paid by the university for two months following the date of the covered employee's death);
 - Divorce or legal separation; or
 - Termination of your employment (for reasons other than gross misconduct on your part) or reduction in your hours of employment, coupled with your entitlement to Medicare benefits less than 18 months before your termination of employment or reduction in hours of employment. In this case, coverage may be continued for up to 36 months from the date of your Medicare entitlement.

Dependent Child/Other Eligible Individuals as Defined by the University

In the case of a dependent child or other eligible individual as defined by the university (refer to the "Eligible Dependents" section of this SPD) covered by the Vision Plan, he or she has the right to choose this coverage continuation if coverage under the Vision Plan is terminated for any of the following reasons:

- Coverage may be continued for up to 18 months due to:
 - Termination of your employment (for reasons other than gross misconduct); or
 - Reduction in your hours of employment that affects eligibility for coverage under the Vision Plan.
- Coverage may be continued for up to 24 months if you are on a leave of absence for United States uniformed service.
- Coverage may be continued for up to 36 months due to:
 - The death of the covered employee. (If you enroll in coverage through COBRA as a result of the death of an employee, COBRA coverage is paid by the university for two months following the date of the covered employee's death);
 - The covered employee's divorce, legal separation or termination of grandfathered sponsored dependency;
 - The dependent ceases to meet the eligibility requirements of a dependent as outlined in the "Eligible Dependents" section; or
 - Termination of your employment (for reasons other than gross misconduct on your part) or reduction in your hours of employment, coupled with your entitlement to Medicare benefits less than 18 months before your termination of employment or reduction in hours of employment. In this case, coverage may be continued for up to 36 months from the date of your Medicare entitlement.

Although your eligible dependents other than your dependent children are not "qualified beneficiaries" for purposes of COBRA, the Vision Plan extends COBRA-like continuation rights to such dependents that are equivalent to the rights that a dependent child would have under COBRA.

Notification

- The employee or a family member is required to complete a COBRA Election Form, available from Trustmark, for a divorce, legal separation, termination of grandfathered sponsored dependency, or a child ceasing to be an eligible dependent under the Vision Plan. If such an event occurs, you should notify Trustmark **within 60 days** of the date the event occurs.
- If such notice is not provided **within 60 days**, the affected individuals will lose their right to elect coverage continuation under the Vision Plan with respect to such event.
- When the university is notified that one of these events has happened, or if any other qualifying event occurs, then Trustmark will notify you and your family of the right to choose coverage continuation.

Election Period

- You have 60 days from the later of (i) the date you lose coverage, as described above, or (ii) the date Trustmark provides the COBRA notice (i.e., a COBRA Election Form) to you.
- If you do not elect coverage continuation, your Vision Plan coverage will end on the date in which employment or coverage terminates.
- If you elect coverage continuation, your Vision Plan coverage will continue and will be identical to the same benefit as provided under that plan to similarly situated employees or family members (such as active employees and their dependents).
- You may change your coverage option during the university's annual open enrollment period or at the time of a qualifying status change.

Disability Extension

- The 18-month coverage continuation period may be extended to 29 months in certain situations involving a disabled individual.
- An extension to 29 months is available if:
 - The event that resulted in the loss of health coverage under the Vision Plan is the employee's termination of employment or reduction in hours; and
 - The Covered Person is disabled (as determined by the Social Security Administration) on any day during the first 60 days of coverage continuation; and
 - The Covered Person notifies the OHR Customer Service Center within 60 days after the later of
 - (i) The Social Security Administration's determination of disability,
 - (ii) The date of the employee's termination of employment or reduction in hours, or
 - (iii) The date that Vision Plan coverage would otherwise be lost as a result of such termination or reduction, and before the end of the original 18-month maximum coverage period.

COVERAGE CONTINUATION

Termination of Coverage Continuation

You are no longer eligible for coverage continuation and may be terminated from the Vision Plan for any of the following reasons:

- The premium for your coverage continuation is not paid on time. See the "Payment" section below.
- After first electing coverage continuation, you become covered under another group vision plan that does not contain any exclusion or limitation with respect to any pre-existing condition.
- After first electing coverage continuation, you become entitled to Medicare.
- You reach the end of your coverage continuation period.
- In the event that you are receiving extended coverage continuation as a result of your being disabled under the Social Security Act, your extended coverage continuation may be terminated on the first day of the month at least 30 days after a final determination that you are no longer disabled. You must notify the Vision Plan **within 30 days** of the date of any final determination under the Social Security Act that you are no longer disabled.
- The university no longer provides group vision coverage to any of its employees.

Evidence of Insurability (EOI)

It is not necessary for you to show that you are insurable to choose coverage continuation.

Payment

All payments are due by the first day of each month to Trustmark. The full premium for coverage continuation plus an administrative charge must be paid. (Although monthly payments are due on the first day of every month, you will be given a grace period of 30 days to make each monthly payment. If you pay a monthly payment later than the first day of the month, but before the end of the grace period for the coverage period, your coverage may be suspended and then retroactively reinstated when the monthly payment is received. If you fail to make a monthly payment before the end of the grace period for that month, you will lose all rights to continuation coverage.) The premium for an extended coverage continuation period due to a total disability may be higher than the premium due for the first 18 months.

Changes

Notify Trustmark if there are changes in the following:

- The Covered Person becomes entitled to other group health coverage or Medicare.
- The Social Security Administration determines the Covered Person is no longer disabled.
- The Covered Person's marital status.
- The Covered Person's home mailing address.
- The Social Security Administration determines the Covered Person is no longer disabled.
- The Covered Person's marital status.
- The Covered Person's home mailing address.

SUBROGATION AND REIMBURSEMENT

A Covered Person may incur vision expenses due to an illness or injury that may be caused by the act or omission of a third party. Also, a third party (such as an insurance company) may be responsible for payment or agree to compensate a Covered Person on account of the actions of another person or entity. To the extent that the Vision Plan previously paid for such vision expenses, the Vision Plan has a right to subrogation and/or reimbursement, as described below.

Third Party

For purposes of this section, "third party" means any person, entity or organization that is or may be liable or legally responsible to pay expenses, compensation or damages in connection with a Covered Person's illness or injury. A third party includes, but is not limited to: the party or parties alleged to have caused or that caused the illness or injury; the insurer, guarantor or other indemnifier of the party or parties alleged to have caused or that caused the illness or injury; a Covered Person's own insurer (e.g., automobile, medpay, uninsured/ underinsured motorist, homeowners or other insurance policies); and any other person, entity or organization that is or may be liable or legally responsible for payment in connection with the illness or injury.

SUBROGATION AND REIMBURSEMENT

Subrogation Rights

If a third party is or may be responsible for paying the expense of, or agrees to compensate a Covered Person for, any illness or injury covered by this Vision Plan and for which this Vision Plan has already paid, the Vision Plan has the right to take the Covered Person's place in recovering payments directly from the third party. The Vision Plan's right to do this is called its right of subrogation.

Reimbursement Rights

If a Covered Person receives a settlement or is otherwise compensated by a third party for any illness or injury covered by this Vision Plan, the Covered Person is required to reimburse the Vision Plan for the payments made by the Vision Plan. This is called the Vision Plan's right of reimbursement.

Amounts Subject to Subrogation and/or Reimbursement

Subject to Section 2323.44 of the Ohio Revised Code:

- All amounts recovered will be subject to subrogation and/or reimbursement.
- In no case will the amount subject to subrogation or reimbursement exceed the amount of benefits paid for the injury or illness under the plan and the expenses incurred by the plan in collecting this amount.
- The Vision Plan has a priority over you and your dependent(s) as to any funds recovered.
- The Vision Plan has a right to recover in full, regardless of how amounts received from a third party may be characterized and regardless of whether or not the Covered Person(s) have been made whole.
- The Vision Plan has a right to recover in full, regardless of whether the amounts received from a third party are paid directly to the Covered Person, or placed in a trust or structured settlement for the benefit of the Covered Person.
- The Vision Plan's subrogation and reimbursement rights will not be reduced to reflect any cost or attorneys' fees incurred in obtaining the compensation unless separately agreed to, in writing, by the university in the exercise of its sole discretion.
- If a Covered Person fails to comply with any of the terms of the Vision Plan governing subrogation and reimbursement, in addition to any amount the Covered Person owes to the Vision Plan for subrogation and/or reimbursement, the Covered Person will be liable to the Vision Plan for its reasonable costs to enforce those terms, including but not limited to attorneys' fees incurred by the plan.

Authorization by Covered Person

As a Covered Person under the Vision Plan, you agree to all of the terms of the Vision Plan regarding subrogation and reimbursement, including, but not limited to, the following:

- You agree that the Vision Plan has rights of subrogation and reimbursement.
- You will promptly refund to the Vision Plan any amount that is subject to the Vision Plan's rights of subrogation and/or reimbursement.
- You, your dependent(s) and representative(s) will cooperate fully to help the Vision Plan enforce its rights of subrogation and reimbursement, and will not do anything that prejudices or impairs those rights.
- You will provide all information needed under the Vision Plan to recover the amount of vision or other benefits paid for the illness or injury under the Vision Plan and expenses incurred by the Vision Plan in collecting this amount, and execute and deliver any papers necessary for such recovery.
- To the extent you fail to reimburse the Vision Plan pursuant to this section, the Vision Plan may reduce any future benefits otherwise available to you and your dependent(s) under the Vision Plan by the full amount of the compensation received from the third party.
- You understand and agree that the third party may be sued in order to recover the payments made for you under the Vision Plan.
- You will notify the Vision Plan of any proposed settlement and obtain the Vision Plan's written consent before signing any release or agreeing to any settlement. If a Covered Person or the Covered Person's representative chooses to recover payment from a third party, the Covered Person or representative must include the amount paid by the Vision Plan in the requested settlement.
